## Electronic Data Interchange (EDI) The Benefits are Numerous!

- Electronic claims are not subject to postal delays.
- Claims may be transmitted 24 hours a day, seven days a week.
- Electronic claims are faster and more accurate than paper claims.
- Reduce phone calls by obtaining electronic claim status.
- An electronic remittance advice is offered to all electronic submitters. This provides a cost savings and allows the provider to post payments automatically.

## EFT and ERA

Providers seeking to register or manage account changes for EFT and ERA will need to use the Council for Affordable and Quality Healthcare (CAQH) Enrollment Tool ([solutions.caqh.org](http://solutions.caqh.org)), a secure electronic ERA/EFT registration platform.

This tool will eliminate the need for paper registration, reduce administrative time, cost and allow you to register with multiple payers at one time.

To sign up, please contact your clearinghouse and provide the appropriate payer ID from the table below.
