

**Subject:** Prop 56 Physician Services Payments

Dear Provider,

The purpose of this letter is to inform you that in accordance with Medi-Cal requirements, Kaiser Foundation Health Plan, Inc. (KFHP) will make Proposition (Prop) 56 Physician Services payments to you based on eligible services that you provide to KFHP Medi-Cal members on or after January 1, 2022 through December 31, 2023.

KFHP will pay Prop 56 Physician Services directed payments within 90 days of receipt of Prop 56 funds from Department of Health Care Services (DHCS) or from our Medi-Cal Plan Partners. The payments will be based on eligible services provided to KFHP's Medi-Cal members as reflected in encounter data reported to the Department of Health Care Services (DHCS). Below is a schedule of the directed payments for Prop 56 Physician Services. To qualify for payments, the rendering provider must be a "Network Provider"<sup>1</sup>. You may be required to remit the directed payments to your rendering providers (the rendering provider NPI is included on the check stub).

Prop 56 (the California Healthcare, Research, and Prevention Tobacco Tax Act of 2016) passed in California in November 2016. As a result, state excise tax on cigarettes and other tobacco products increased. Revenue from these higher taxes is to be used for many purposes, but primarily to augment spending on health care for low-income Californians. Prop 56 revenue will be paid directly to health plans to forward to medical providers. The current Prop 56 program is effective for dates of service starting January 1, 2022 through December 31, 2023.
