► **To learn more about the details of your plan, open the fold on the cover.**

Your plan is governed by the Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (KFHP-MAS), *Group Agreement and Evidence of Coverage (EOC)*. Inside this booklet, it is referred to as your "plan document." In the event of ambiguity or conflict between this member guide and the KFHP-MAS *Group Agreement* and *EOC*, the KFHP-MAS *Group Agreement* and *EOC* shall control.

How your Kaiser Permanente health plan works

Your Select HSA-Qualified Deductible HMO plan

You are enrolled in the **Select HSA-Qualified Deductible HMO plan**, which includes these highlights:

- The Select network
- A health savings account¹
- A deductible

Your network: With this plan, you have access to the Select network, which gives you quality care from over 1,600 physicians of the Mid-Atlantic Permanente Medical Group, P.C. (Permanente), who practice in state-of-the-art Kaiser Permanente facilities, and thousands of network physicians who have private practices in the community.

Getting care in Kaiser Permanente's integrated health system empowers you to:

- View most lab results, refill most prescriptions, email your doctor's office, schedule routine appointments, and more at [kp.org](https://www.kp.org).²
- Save time. If you have more than one appointment, test, or procedure, you may be able to have them done in one place on the same day.
- Call for medical advice anytime, and get video advice from a doctor who is connected to your personal care team.³
- Make a video appointment with your primary care doctor during regular office hours.⁴

Here's what to expect when using the Select network:

- To choose a doctor who does not practice in a Kaiser Permanente facility, go to [kp.org](https://www.kp.org) and select [Doctors & Locations](#). Then click [Search our affiliated and network physicians/providers](#). When you find your physician, call Member Services at **800-777-7902** with your selection. Please have the physician's name and address ready.
- If you choose a network community physician instead of a Permanente physician, that network community physician will coordinate your care. Speak with your network community physician on how their care team is organized to support your care.
- If you receive care from a network community physician, a preauthorization is required. To request a preauthorization, your network community physician must download the Uniform Consultation Referral form at [providers.kp.org/mas](https://www.providers.kp.org/mas) under the [Forms](#) section. Then fax the completed form to the Kaiser Permanente Utilization Management Department at **800-660-2019**.
- If your primary care provider is a Permanente physician and you are requesting an external service, your Permanente physician will complete and submit an external referral request on your behalf.
- For questions about your benefits, preauthorizations, or external referral requests, call Member Services at **800-777-7902 (TTY 711)**, Monday through Friday, 7:30 a.m. to 9 p.m. (except holidays).

¹Your plan may be compatible with a health savings account, please see your plan document for plan details.

²These features are available for care provided at Kaiser Permanente medical centers.

³Video advice with a doctor is for certain medical conditions for members 18 and older. Member must be physically present in Maryland, Virginia, or Washington, DC.

⁴Video visits are available to Kaiser Permanente members who have a camera-equipped computer or mobile device and are registered at [kp.org](https://www.kp.org). You must be present in Maryland, Virginia, or Washington, DC, for visits with your primary care physician or behavioral health provider. For urgent video visits with an emergency doctor, you may also be present in West Virginia, Florida, North Carolina, or Pennsylvania. For certain medical or mental health conditions. For video visits with a behavioral health provider, appointments can be scheduled for follow-up care.

Your health savings account

Your plan may be compatible with a health savings account (HSA), which lets you contribute pretax or tax-deductible dollars¹ to pay for qualified medical expenses, including copays, coinsurance, and deductible payments for a wide range of services. It works like a savings account. Any money you don't use by the end of the year will roll over to the next year.

Your HSA belongs to you, so you can take it with you if you change jobs, change health plans, or retire. You can use your HSA only for qualified medical expenses.

Setting up an HSA

If you have health coverage through your employer, talk to your benefits administrator about how to set up your HSA. Once you've opened your account,

you can start putting money in it. Keep in mind that the IRS sets a limit on how much you can put in your HSA each year.

To learn more about your HSA, visit kp.org/hsa.

Your deductible

Your plan has a deductible. A deductible is the amount you pay for covered health care services before your insurance plan starts to pay. After you reach your deductible, you will only need to pay applicable copayment and coinsurance for most covered services for the remainder of your plan year.

Preventive care services, including routine physicals, and well-child visits are covered at no cost, even if your deductible has not been met.

How your deductible plan works

This table covers the deductible process that takes place between the start and end dates of your plan year.¹

	Before medical deductible is met	After medical deductible is met	After out-of-pocket maximum is met
Preventive care ²	No charges	No charges	No charges
Other covered medical services ³	Full charges	Copays Coinsurance	No charges
Most prescription drugs ^{3,4}	Full charges	Copays Coinsurance	No charges

If you have questions about how much your visits should cost, visit kp.org/costestimates. Estimates are based on your plan benefits and whether you've reached your deductible—so you get personalized information every time. For more information on your plan, visit kp.org and review your plan document.

¹See your plan document for plan details, including the date your deductible and out-of-pocket maximum will start over.

²Most preventive care services are covered at no cost, even before you reach your deductible.

³See your plan document for details on what services are subject to the deductible and out-of-pocket maximum.

⁴Some plans have a separate pharmacy deductible. For those plans, you will need to pay full charges before your pharmacy deductible is met. Generic prescriptions may have copays, even when the plan has a separate pharmacy deductible. See your plan document for more details.

Need help getting started?

Call our New Member Activation Desk at **855-392-4851** (TTY **711**), Monday through Friday, 7 a.m. to 7 p.m.

Our onboarding agents can help you with everything from choosing a doctor, registering on **kp.org**, transferring your prescriptions, and making your first doctor's appointment by phone or video.

1

Choose your doctor— and change anytime

Select from a wide range of great doctors
and change anytime, for any reason

To help you find a personal doctor (also called a primary care physician) who's right for you, you can browse our online doctor profiles. There, you'll see information related to their education, credentials, specialties, and interest areas, as well as whether or not they're accepting new patients.

Women should choose an ob/gyn in addition to their primary care physician.

You can choose a personal doctor with any of these specialties:

- Adult medicine/internal medicine
- Family medicine
- Pediatrics/adolescent medicine (for children up to 18)

Each covered family member may choose his or her own personal doctor. If you do not choose a primary care physician or ob/gyn within the first 30 days of enrollment, one will be assigned to you.

If the doctor you'd like to select isn't accepting new patients, you can call us for assistance.

See specialists, some without a referral

You don't need a referral for the following specialties. Just call for an appointment:

- **800-777-7904** for obstetrics-gynecology and optometry
- **866-530-8778** for behavioral health (initial consultation), except inpatient care, and chemical dependency or addiction medicine

For other types of specialty care, your doctor will refer you. If you have an affiliated or network physician, contact that doctor's office directly.

Go to kp.org/doctor to browse our doctor profiles and find a doctor who matches your needs. You can also call **800-777-7904** (TTY **711**), 24 hours a day, 7 days a week.

2

Refer to your plan document for the complete definition of emergency medical conditions.

Telehealth—an easier path to the care you need

With telehealth, your health and safety are our top priorities—just like in-person care. Kaiser Permanente members have been using telehealth for years. And our doctors perform hundreds of these virtual appointments on a daily basis, connecting with our members via computer or mobile device from the comfort of home or convenience of work. So you can rest assured that you can get your care when and where you need it.

What telehealth means for you

Telehealth means you can reach us by phone, video, or email while still receiving the same level of care and safety you get from in-person visits. Telehealth offers several benefits:

- Your choice of when, where, and how to connect or follow up with providers
- Reduced transportation time and costs
- Greater access to home care if you're immobile or distant
- Health problems caught earlier and fewer gaps in care
- Less risk of exposure to germs outside your home

Schedule a video visit¹ by joining **kp.org** at **kp.org/register** or by downloading the Kaiser Permanente (KP) app and clicking register.

For a video visit, you must have a reliable internet connection and one of the following:

- A smartphone or tablet with the KP app downloaded
- A laptop or desktop² with a webcam and audio speakers

To join your video visit³ on your mobile device:

- Log in to the KP app
- Tap [View Appointment](#)
- Select your video visit appointment and tap [Join Now](#)

To join your video visit³ from your laptop or desktop:

- Log in to **kp.org** (Use the Chrome web browser for the best video visit experience)
- Click [Appointment Center](#)
- Select your video visit appointment and click [Join](#)

You also have several other easy options to connect to telehealth:

- Telephone appointments with your doctors and emergency physicians
- 24/7 nurse advice telephone line
- Messaging your doctor's office with nonurgent questions anytime⁴
- E-visit questionnaires that allow you to answer questions for several symptoms and direct you to appropriate care⁴
- Text message reminders for most upcoming appointments
- **kp.org** dashboard to schedule appointments, view lab results, and more

For more information, visit **kp.org/getcare**.

¹Video visits are available to Kaiser Permanente members who have a camera-equipped computer or mobile device and are registered at **kp.org**. You must be present in Maryland, Virginia, or Washington, DC, for visits with your primary care physician or behavioral health provider. For urgent video visits with an emergency doctor, you may also be present in West Virginia, Florida, North Carolina, or Pennsylvania. Video visits are for certain medical or mental health conditions. For video visits with a behavioral health provider, appointments can be scheduled for follow-up care.

²Microsoft Edge and Mozilla Firefox are not compatible.

³If you are under the age of 18, please have a parent/legal guardian present by video or by phone at the scheduled time to provide verbal consent.

⁴Available when you register and log in to **kp.org** or the KP app.

Hospital care

kp.org/premierhospitals

Kaiser Permanente carefully selects premier hospitals¹ to team with us in taking great care of you.

We've chosen award-winning hospitals to team with in coordinating your care when you need inpatient or outpatient hospital care. These hospitals are located throughout Maryland, Virginia, and Washington, DC.

If you're admitted to a hospital that is not one of our premier hospitals

Once your condition has stabilized, we may move you to one of our premier hospital locations where our Permanente physicians are on duty. By doing so, we can provide you seamless and coordinated care, both during your hospitalization and in your transition out of the hospital.

Out-of-network hospitals:

- You can receive inpatient hospitalization services from any licensed or accredited hospitals and facilities.
- When you receive services, you may need to pay allowable charges (such as the contracted amount a provider has agreed to accept) to the hospital, doctor, or other providers, as described in your plan document. You may also need to submit a claim for reimbursement.

Understanding your costs and benefits

You pay \$0 cost share for in-network preventive care

Preventive care includes routine physicals, well-child visits, and certain screenings and tests (such as mammograms), so there's no need to delay making your first appointment with your primary care physician.

If you have symptoms of a condition, your doctor may order a service to help find out what it is or help treat it. Since you've shown symptoms, this service doesn't qualify as preventive. It's actually diagnostic, since it's used to diagnose your condition, and cost sharing may apply.

You may also get services to help treat a condition that's already been diagnosed. Since you're being treated for an existing condition, these services are also non-preventive, and cost sharing may apply.

Tests or services ordered for or during a routine physical or well-child visit may result in cost sharing if those services are related to diagnosing, monitoring, or treating an existing condition.

You may have a copay for most other care, such as appointments with specialists, urgent care, and some tests and services, please refer to your plan document.

You can estimate the cost of your next visit at kp.org/costestimates.

You'll need to be registered on kp.org to use this secure tool.

“Cost share” refers to what you pay as part of your share for health care costs. Refer to your plan document to learn more about your plan’s specific cost shares.

Type of cost share	What it is	When you pay
<p>Copayments (copays)</p>	<p>The set fee you pay for a covered service (e.g., non-preventive office visit) every time that service is provided. Copayments vary depending on your plan and do not count toward a deductible. However, they do count toward your annual out-of-pocket maximum for most services.</p>	<p>Nearly all plans have copayments or coinsurance. A copayment or coinsurance may be owed on the day you receive services, for each visit, even if multiple visits occur on the same day.</p>
<p>Coinsurance</p>	<p>The percentage of the cost for a covered service. For example, if your coinsurance is 15% and your allowed office visit cost is \$100, then you pay \$15 and the health plan pays \$85. Coinsurance varies according to your plan and does not apply toward the deductible. However, it counts toward your annual out-of-pocket maximum for most services.</p>	<p>There is no copay or coinsurance for preventive care for non-grandfathered plans. What you owe depends upon your plan’s benefits and the services you receive.</p>
<p>Deductible</p> <p>(Visit kp.org/deductibleplans for more information on deductible plans and to find helpful cost tools)</p>	<p>The set amount you must pay each contract year for covered medical services before the health plan begins to pay its share. Not all services may be applied to the deductible. Deductibles vary depending on the plan you have.</p> <p>Once you have met your deductible, you will be required to pay only the applicable copayment or coinsurance for most covered services for the remainder of your plan’s contract year. Certain conditions may apply.</p>	<p>If you have a deductible, you will be billed for the full allowed amount for each service that is subject to the deductible during check-in or after the service via mailed bill. You may also receive an estimate of your charges before your office visit for certain services, and you may choose to make a deposit payment based on that estimate.</p>
<p>Out-of-pocket maximum</p>	<p>The maximum amount you pay out of pocket each contract year for most covered services. Once the amounts you have paid equal the out-of-pocket maximum, you pay nothing for those covered services for the remainder of the contract year.</p>	<p>Depending on your plan, the copayments, coinsurance, and deductibles you pay for most services will count toward the out-of-pocket maximum.</p>
