Your plan is governed by the Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (KFHP-MAS), *Group Agreement and Evidence of Coverage (EOC)*. Inside this booklet, it is referred to as your "plan document."
In the event of ambiguity or conflict between this member guide and the KFHP-MAS *Group Agreement* and *EOC*, the KFHP-MAS *Group Agreement* and *EOC* shall control.

How your Kaiser Permanente health plan works

Your Added Choice with the SignatureSM network plan gives you the freedom to choose how you receive care, each time you receive care:

In-network: You get quality care from the Kaiser Permanente Signature network. With this network, you receive services from Mid-Atlantic Permanente Medical Group, P.C. (Permanente), physicians. They're part of a group of over 1,600

physicians who practice in our medical centers located in Maryland, Washington, DC, and Virginia.

Out-of-network: You may visit any licensed physician not included in the network, and you do not need to notify us of your choice.

It's important to keep in mind that your benefits will vary in each provider option, and the amount you pay for a particular service will depend on the provider option you choose.

About this plan

	In-network providers	Out-of-network providers
Physicians	Permanente physicians.	Any licensed physician or provider not included in the network.
Hospitals	Kaiser Permanente premier hospitals. ¹	Any hospital not included in the network.
Out-of-pocket costs	Usually the lowest out-of-pocket costs. There is no deductible. Most services are covered at a copay.	Usually the highest out-of-pocket costs. Most services are subject to a deductible and then coinsurance.
	When you visit an in-network Permanente provider, you will not be charged more than your copayment or coinsurance for covered services.	When you visit an out-of-network provider, in addition to your contract year deductible, copayment, and/or coinsurance, you may be responsible for the difference between the billed charges and the maximum allowable charge.
Referral and preauthorization	Referral to see specialists is required. Some services may require preauthorization. In-network physicians will obtain preauthorization for you.	No referral to specialists is needed. Some services require preauthorization. You will be responsible for obtaining preauthorization. Contact member services or UMOC at 888-225-7202 to obtain preauthorizations. Representatives are available from 8 a.m. to 11 p.m., Monday through Friday. You may, however, request precertification 24 hours a day, 7 days a week. Response to urgent requests occurs within two hours of your message; nonurgent requests will get a reply during the following business day. Visit kp.org/addedchoice/mas .
Claims	Virtually no claim forms to complete.	You may be required to pay the full cost of each visit. If so, you will need to submit claim forms with itemized bills for reimbursement. Forms are available at kp.org/addedchoice/mas .

¹The premier hospitals are independently owned and operated hospitals, and they contract with Kaiser Foundation Hospitals.

Your provider choices

In-network

Referrals

If you have a referral from a Permanente physician, preauthorization from the health plan may also be required for certain services. Your Permanente physician will act on your behalf to seek this preauthorization.

If your preauthorization request is denied

You have the right to file an appeal if you disagree with the Health Plan's decision not to authorize medical, surgical, or behavioral health services, or drugs and devices. Appeal rights and detailed instructions are included with your plan document.

You can fax appeals to **866-640-9826**. Refer to your plan document for more information.

Out-of-network

Costs

- After you receive any out-of-network covered medical service, and once a medical claim for your service has been verified as an eligible benefit, you will receive an Explanation of Benefits (EOB). The EOB will show you a breakdown of the charges and payments for your visit, deductible and out-of-pocket maximum accumulations, and how much you are responsible for paying.
- You must first meet your annual deductible before the health plan begins to pay for covered services.
- After you meet your deductible, you will have to pay coinsurance or copays for covered services for the rest of the contract year, and out-of-network providers may also bill you for the difference, if any, between actual billed charges and the maximum allowable charge.
- Out-of-network physicians are not connected electronically to one another or to you, which means you manage your own care, carrying your paper medical record and other files with you from office to office. You must follow up to be sure that test results are communicated between doctors' offices. You must wait for lab results.
- Your pharmacist is not linked to your medical record.

Refer to your plan document for more information.

If you have questions about how much your visits should cost, visit kp.org/costestimates. Estimates are based on your plan benefits and whether you've reached your deductible—so you get personalized information every time.

For more information on your plan, visit kp.org and review your plan document.

1

Choose your doctor— and change anytime

Select from a wide range of great doctors
and change anytime, for any reason

Your Added Choice plan gives you the freedom to choose how you receive care, each time you receive care.

- In-network: Kaiser Permanente providers
- Out-of-network: any licensed provider

In-network: choosing a personal doctor (primary care physician)

Choose by phone

Call us at **888-225-7202** (TTY **711**), Monday through Friday, 7:30 a.m. to 9 p.m. Once you've decided on a doctor, we can help you schedule your first appointment.

Choose online

Go to kp.org/doctor to browse our doctor profiles and find a doctor who matches your needs. Once you've chosen, call **800-777-7904** (TTY **711**), 24 hours a day, 7 days a week, to schedule your first appointment. You don't need a referral for the following specialties. Just call for an appointment:

- **800-777-7904** for obstetrics-gynecology and optometry
- **866-530-8778** for behavioral health—initial consultation (except inpatient care) and chemical dependency or addiction medicine

For other types of specialty care, your doctor will refer you.

Out-of-network: any licensed provider

Through the out-of-network tier, you can work directly with any licensed provider or facility anywhere. No referral is needed for office visits to out-of-network physicians or specialists; however, preauthorization applies to certain covered services under out-of-network.

It's important to keep in mind that your benefits will vary in each provider option, and the amount you pay for a particular service will depend on the provider option you choose, and, in some cases, where you choose to receive care.

Visit kp.org/addedchoice/mas to learn more about how your Added Choice plan works.

Telehealth—an easier path to the care you need

With telehealth, your health and safety are our top priorities—just like in-person care. Kaiser Permanente members have been using telehealth for years. And our doctors perform hundreds of these virtual appointments on a daily basis, connecting with our members via computer or mobile device from the comfort of home or convenience of work. So you can rest assured that you can get your care when and where you need it.

What telehealth means for you

Telehealth means you can reach us by phone, video, or email while still receiving the same level of care and safety you get from in-person visits. Telehealth offers several benefits:

- Your choice of when, where, and how to connect or follow up with providers
- Reduced transportation time and costs
- Greater access to home care if you're immobile or distant
- Health problems caught earlier and fewer gaps in care
- Less risk of exposure to germs outside your home

Schedule a video visit¹ by joining **kp.org** at **kp.org/register** or by downloading the Kaiser Permanente (KP) app and clicking register.

For a video visit, you must have a reliable internet connection and one of the following:

- A smartphone or tablet with the KP app downloaded
- A laptop or desktop² with a webcam and audio speakers

To join your video visit³ on your mobile device:

You also have several other easy options to connect to telehealth:

- Telephone appointments with your doctors and emergency physicians
- 24/7 nurse advice telephone line
- Messaging your doctor's office with nonurgent questions anytime⁴
- E-visit questionnaires that allow you to answer questions for several symptoms and direct you to appropriate care⁴
- Text message reminders for most upcoming appointments
- **kp.org** dashboard to schedule appointments, view lab results, and more

For more information, visit **kp.org/getcare**.

¹Video visits are available to Kaiser Permanente members who have a camera-equipped computer or mobile device and are registered at **kp.org**. You must be present in Maryland, Virginia, or Washington, DC, for visits with your primary care physician or behavioral health provider. Hospital care

kp.org/premierhospitals

Kaiser Permanente carefully selects premier hospitals¹ to team with us in taking great care of you.

We've chosen award-winning hospitals to team with in coordinating your care when you need inpatient or outpatient hospital care. These hospitals are located throughout Maryland, Virginia, and Washington, DC.

If you're admitted to a hospital that is not one of our premier hospitals

Once your condition has stabilized, we may move you to one of our premier hospital locations where our Kaiser Permanente physicians are on duty. By doing so, we can provide you seamless and coordinated care, both during your hospitalization and in your transition out of the hospital.

Out-of-network hospitals:

- You can receive inpatient hospitalization services from any licensed or accredited hospitals and facilities.
- When you receive services, you may need to pay allowable charges (such as the contracted amount a provider has agreed to accept) to the hospital, doctor, or other providers, as described in your plan document. You may also need to submit a claim for reimbursement.

Understanding your costs and benefits

You pay \$0 cost share for in-network preventive care

Preventive care includes routine physicals, well-child visits, and certain screenings and tests (such as mammograms), so there's no need to delay making your first appointment with your primary care physician.

If you have symptoms of a condition, your doctor may order a service to help find out what it is or help treat it. Since you've shown symptoms, this service doesn't qualify as preventive. It's actually diagnostic, since it's used to diagnose your condition, and cost sharing may apply.

You may also get services to help treat a condition that's already been diagnosed. Since you're being treated for an existing condition, these services are also non-preventive, and cost sharing may apply.

You will have a copay for most other care, such as appointments with specialists, Urgent Care, and some tests and services.

When you receive preventive care from an out-of-network provider, you will have to pay a cost share.

The table on the next page shows you the different types of costs (such as copays or coinsurance) you may be required to pay under your plan. What you pay is determined by the type of plan you have. Refer to your plan document for more details about your plan's cost shares.

You can estimate the cost of your next visit at kp.org/costestimates.

You'll need to be registered on kp.org to use this secure tool.

“Cost share” refers to what you pay as part of your share for health care costs. Refer to your plan document to learn more about your plan’s specific cost shares.

Type of cost share	What it is	When you pay
Copayments (copays)	The set fee you pay for a covered service (e.g., non-preventive office visit) every time that service is provided. Copayments vary depending on your plan and do not count toward a deductible. However, they do count toward your annual out-of-pocket maximum for most services.	Nearly all plans have copayments or coinsurance. A copayment or coinsurance may be owed on the day you receive services, for each visit, even if multiple visits occur on the same day.
Coinsurance	The percentage of the cost for a covered service. For example, if your coinsurance is 15% and your allowed office visit cost is \$100, then you pay \$15 and the health plan pays \$85. Coinsurance varies according to your plan and does not apply toward the deductible. However, it counts toward your annual out-of-pocket maximum for most services.	There is no copay or coinsurance for preventive care for non-grandfathered plans. What you owe depends upon your plan’s benefits and the services you receive.
Deductible (Visit kp.org/deductibleplans for more information on deductible plans and to find helpful cost tools)	<p>The set amount you must pay each contract year for covered medical services before the health plan begins to pay its share. Not all services may be applied to the deductible. Deductibles vary depending on the plan you have.</p> <p>Once you have met your deductible, you will be required to pay only the applicable copayment or coinsurance for most covered services for the remainder of your plan’s contract year. Certain conditions may apply.</p>	If you have a deductible, you will be billed for the full allowed amount for each service that is subject to the deductible during check-in or after the service via mailed bill. You may also receive an estimate of your charges before your office visit for certain services, and you may choose to make a deposit payment based on that estimate.
Out-of-pocket maximum	The maximum amount you pay out of pocket each contract year for most covered services. Once the amounts you have paid equal the out-of-pocket maximum, you pay nothing for those covered services for the remainder of the contract year.	Depending on your plan, the copayments, coinsurance, and deductibles you pay for most services will count toward the out-of-pocket maximum.
