PROVIDER SELECTION CRITERIA

Kaiser Foundation Health Plan of the Northwest (KFHPNW) offers several networks that are comprised of the Kaiser Permanente integrated health care delivery system. The primary contracted provider groups and facilities that participate include: Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Hospitals (hospitals, Kaiser Permanente medical offices, Kaiser Permanente pharmacies), The Portland Clinic, The CHP Group, and contracted hospitals. In general, the networks contain physicians, specialists and facilities to provide services to individuals and groups covered under all Kaiser Permanente plans.

Prior to allowing network participation, providers must successfully complete the initial credentialing process and demonstrate their ongoing ability to meet credentialing standards through a re-credentialing process. Providers are required to provide the information needed to review and verify their credentials. To ensure quality and safety of care between re-credentialing cycles, Kaiser Permanente performs ongoing monitoring of the participating provider's performance. Kaiser Permanente acts on important quality or safety issues in a timely manner by taking appropriate action against a participating provider when occurrences of poor quality are identified.

We also monitor and analyze member feedback relating to network access, availability of providers, and cultural needs and preferences. This information helps guide our network improvement efforts.

Tiered network criteria in Oregon and Washington

Kaiser Foundation Health Plan of the Northwest offers tiered networks including Oregon Added Choice, Added Choice, Added Choice + Dental Choice, Oregon PPO Plus, PPO Plus, and PPO Plus + Dental Choice. The primary contracted provider groups and facilities that participate in Tier 1 include Northwest Permanente, P.C., physicians and surgeons; facilities owned and operated by Kaiser Foundation Health Plan (Kaiser Permanente medical offices and pharmacies); Kaiser Foundation Hospitals (hospitals); The Portland Clinic; and contracted hospitals.

For members enrolled with an Oregon employer

The Oregon Added Choice network includes select providers and PPO providers. Select providers include the Kaiser Permanente integrated health care delivery system (as described above) and The CHP Group.

PPO providers are:

- First Choice Health Network providers in Oregon and Washington
- First Health Network providers in California, Colorado, Georgia, Hawaii, Maryland, Virginia, and the District of Columbia
- Cigna HealthcareSM PPO Network¹ providers in all other states

The Oregon Added Choice network is designed to allow members access to all that Kaiser Permanente offers plus the option to seek care from providers outside our network. Select providers can be located on **kp.org** and **chpgroup.com**. PPO providers can be located at **kp.org/choiceproducts/nw**. All other providers are considered nonparticipating providers and facilities.

The Oregon PPO Plus network includes:

- Kaiser Permanente providers, Kaiser Permanente pharmacies, MedImpact pharmacies, and other PPO providers who are either employed by us or contract with us to provide covered services for members enrolled in this PPO Plus plan
- First Choice Health Network providers in Oregon and Washington
- First Health Network providers in California, Colorado, Georgia, Hawaii, Maryland, Virginia, and the District of Columbia
- Cigna Healthcare PPO Network providers in all other states

¹ The Cigna Healthcare PPO Network refers to the health care providers (doctors, hospitals, specialists) contracted as part of the Cigna Healthcare PPO for Shared Administration.

Cigna Healthcare is an independent company and not affiliated with Kaiser Foundation Health Plan, Inc., and its subsidiary health plans. Access to the Cigna Healthcare PPO Network is available through Cigna Healthcare's contractual relationship with the Kaiser Permanente health plans. The Cigna Healthcare PPO Network is provided exclusively by or through operating subsidiaries of The Cigna Group, including Cigna Health and Life Insurance Company. The Cigna Healthcare name, logo, and other marks are owned by Cigna Healthcare Intellectual Property, Inc.

All other providers are considered nonparticipating providers and facilities. The Oregon PPO Plus network is designed to offer access to a broad provider network that includes both Kaiser Permanente providers and a nationwide network. Kaiser Permanente providers can be located on kp.org, and PPO providers can be located at kp.org/choiceproducts/nw.

For Members Enrolled with a Washington Employer

The Added Choice and Added Choice + Dental Choice networks are composed of the Kaiser Permanente integrated health care delivery system (as described above) and The CHP Group as select providers and First Choice Health PPO Network (or First Health Network for members in states other than Oregon, Washington, Idaho, Montana, Wyoming, North Dakota, South Dakota, and Alaska) as PPO providers. The Added Choice networks are designed to allow members access to all that Kaiser Permanente offers plus the option to seek care from providers outside our network. Select providers can be located on kp.org and chpgroup.com. PPO providers can be located at Kaiser Permanente Added Choice (choiceproducts-northwest.kaiserpermanente.org/added-choice). All other providers are considered nonparticipating providers and facilities.

The PPO Plus network is composed of the Kaiser Permanente integrated health care delivery system (as described above) and First Choice Health PPO Network (or First Health Network for members in states other than Oregon, Washington, Idaho, Montana, Wyoming, North Dakota, South Dakota, and Alaska) as PPO providers. All other providers are considered nonparticipating providers and facilities. The PPO Plus network is designed to offer access to a broad provider network that includes both Kaiser Permanente providers and a nationwide network. Kaiser Permanente providers can be located on kp.org, and PPO providers can be located at Kaiser Permanente PPO Plus (choiceproducts-northwest.kaiserpermanente.org/ppo-plus).

EMERGENCY CARE

Emergency medical conditions are conditions in which the immediate onset of symptoms, including pain, is severe enough to lead a prudent layperson with an average knowledge of health and medicine to reasonably believe immediate medical attention is needed:

- To avoid serious impairment of bodily functions or serious dysfunction of a bodily organ or part.
- Because there is a serious threat to the health of the individual or a fetus (unborn child).

Symptoms that may indicate an emergency include:

- chest pain or pressure that may radiate to the arm, neck, back, shoulder, jaw, or wrist
- sudden onset of severe abdominal pain
- severe shortness of breath
- severe, persistent bleeding that cannot be stopped
- major injuries like gunshot or stab wounds or severe injuries from a vehicle accident
- active labor when there isn't time for a safe transfer to your hospital before delivery

See your *Evidence of Coverage (EOC)* or *Membership Agreement* for a complete definition.

Select facilities

There are six select hospital emergency departments, listed on page 1. See page 6 for details.

Care outside select facilities

If you are not treated by a select hospital, you or someone on your behalf must contact Kaiser Permanente once your condition is stable. Any care you get after you are stable (post-stabilization care) may not be fully covered, unless we authorize it first. To request pre-authorization, call Kaiser Permanente at **1-855-281-1840** before you receive the services.

In an emergency, a PPO or non-participating doctor may admit you to a PPO or non-participating hospital. In this case, you must notify us as soon as you reasonably can, or someone else can notify us for you. If you don't, your hospital stay may not be fully covered.

Urgent

Urgent care is treatment for unforeseen, nonemergency conditions that require prompt medical attention to keep them from becoming more serious.

Care for an urgent condition is covered during certain hours at designated urgent care facilities and participating or select Kaiser Permanente medical offices. It is not covered in hospital emergency departments inside the service area. See page 11 for information on getting urgent care.

Language interpretation services	1-800-324-8010

Medicare members can call Member Services, toll free, seven days a week from 8 a.m. to 8 p.m. at **1-877-221-8221**; TTY, **711**.

Help in your language

Interpreter services, including American Sign Language (ASL), are available during business hours at no additional cost to members. Many of our doctors also speak more than one language. Call **1-800-324-8010** (toll free), or **1-800-813-2000** (toll free), or **711** (TTY).

New Member Help Desk

You can call the dedicated New Member Help Desk at **1-888-491-1124 (toll free)** Monday through Friday, 8 a.m. to 5 p.m., and talk with a specialist who can help you get the most out of your benefits quickly and easily. With just one call, we can assist you with selecting a provider, transferring medical records and prescriptions, setting appointments, and more.

UNDERSTANDING YOUR CARE

Comprehensive coordinated care

Kaiser Permanente's health care delivery model is designed around patient needs and aims to improve access to care, increase care coordination, and enhance overall quality. Your primary care provider works with a team of health care professionals to help meet all of your health care needs. Together they provide seamless, service-oriented, and evidence-based care that is centered on you.

Your medical home team supports you in learning to manage and organize your own care at the level you choose. We will provide you information on classes, support groups, and other services to help you learn more about health conditions and how to stay healthy.

Evidence of Coverage (EOC)

Your *Evidence of Coverage* describes your benefits and other important information about your coverage. For individual and family plan members and other non-group members, this is called a *Membership Agreement*.

You may be able to view your *EOC* or *Membership Agreement* online at kp.org. You will receive a postcard with instructions and have the option to order a printed copy. Medicare members receive a printed copy automatically.

If you have questions about your *EOC* or *Membership Agreement*, Member Services can help (see page 5).

Participating and select providers and facilities

Most covered care must be provided by Kaiser Permanente or other affiliated providers and facilities. (Please see your *EOC* or *Membership Agreement* for details and exceptions, such as emergency services.) As an Added Choice® member, this rule applies only to Tier 1 coverage.

Our *EOCs* use different terms when referring to these providers and facilities. Most *EOCs* use the term "participating provider" or "participating facility," which includes Northwest Permanente providers and facilities as well as other affiliated (contracted) providers and facilities. Added Choice *EOCs* use the term "select provider" or "select facility." This *Added Choice Medical Facility Directory* uses both "participating" and "select." If you have questions, please see your *EOC* or contact Member Services.

For Added Choice members

The information in this directory applies when you use select providers and facilities. The select facilities are listed in this directory. When you receive services from PPO or non-participating providers or facilities, some of the restrictions mentioned in this directory do not apply. However, different restrictions and requirements do apply. Read your *EOC* carefully to make sure you understand the difference.

To locate a PPO provider available on Added Choice plans, contact Member Services (see page 5) or go to kp.org/addedchoice.

How to get the care you need

You may obtain a list of select providers by returning the postcard on the back of this *Added Choice Medical Facility Directory* for a printed *Participating and Select Provider Directory*, or go to kp.org/chooseyourdoctor. To get the care you need, follow these five steps. If you need help along the way, contact Member Services (see page 5).

1. Choose your primary care provider – the choice is yours

Developing a relationship with your primary care provider is an important part of your total health. Whether providing preventive care exams, treating you when you're sick, or coordinating your care with specialists, your primary care provider can help you with your health needs and goals.

View the profiles of our highly skilled primary care providers at kp.org/chooseyourdoctor. Use our doctor and location search to learn about each practitioner's gender, certifications, specialties, languages they speak, interests, and more. You can identify providers accepting new patients and sign up online. Or you can contact Member Services (see page 5) to choose your doctor. You'll be scheduled with a provider who's taking new patients and asked if you'd like him or her to be your primary care provider. You may wait until after you've seen the provider to decide. You can also choose a new provider at any time.

2. Select your medical office

Although you can get care at any of Kaiser Permanente's 30-plus facilities, we recommend that you select a primary care provider at a medical office that's convenient to where you live or work. For help making your choice, see the map of locations page 34. You can also contact Member Services (see page 5) for help finding the right medical office. Feel free to visit one or more medical offices to see which you prefer.

3. Determine what type of care is right for you

Your primary care provider can be a physician, nurse practitioner, or physician assistant in family medicine, internal medicine, pediatrics (for children under 18), or obstetrics-gynecology.

As a member, you must receive your care from participating or select providers and facilities (unless an exception applies as described in your EOC or you have an Added Choice plan).

4. Transfer your medical records

Transferring your medical records is easy. Fill out the disclosure form located at kp.org/newmember, and we will take care of the rest. You can also contact Member Services (see page 5) for a form.

5. Transfer your prescriptions

If you have prescriptions to transfer, you'll want to fill out the Transfer Your Prescriptions form at kp.org/newmember right away. Or you can call the New Member Pharmacy Services Program at **503-261-7900** or **1-888-572-7231**. We will work with you and your pharmacy to transfer your medications, coordinate refills, and answer questions. Please call us at least one week before you need refills.

Kaiser Permanente has a formulary list of medications and supplies covered for your benefit. To get a prescription at your usual copayment or coinsurance, the drug must be on our formulary or your Northwest Permanente physician must feel the drug meets the exception criteria, including any medication-specific criteria. If your medication is not on the formulary, one of our pharmacists will work with you and your health care team to update your medication to a formulary product. Our health care team uses the formulary to help determine the safest, most effective prescription for you.

To order prescriptions, call the main pharmacy number in your medical office before you need a refill. Certain prescriptions require that you see a participating provider before you can receive a refill. Once you have a prescription written by a participating provider, you can order your prescription refills at kp.org/rxrefill. Save additional time and money through our postage-paid Mail-Delivery Pharmacy service, available for most prescriptions.

DO IT **ONLINE**

Browse doctors online before you choose.
Go to kp.org/chooseyourdoctor to see profiles of our region's primary care providers.

REFILL **ON THE GO**

Once your medications are prescribed, save time by refilling them at kp.org/rxrefill.
You can also order refills on your mobile device using the KP mobile app.

ROUTINE APPOINTMENTS AND CARE

Your primary care provider is your main source for care, including a broad spectrum of preventive and routine needs. For your convenience, we work to keep same-day appointments available. Primary care includes family medicine, internal medicine, pediatrics, and obstetrics-gynecology.

Examples include:

- checkups
- physical exams
- preventive screenings
- well-child checkups
- same-day needs
- optometry

Save time and money by emailing your doctor's office

Once you are registered on **kp.org**, you can email your doctor's office with nonurgent questions rather than making an appointment for an office visit. Your messages are secure and confidential. You can also view and learn about most test results and get summaries of your office visits.

To make an appointment, visit **kp.org/appointments** or call 1-800-813-2000. Appointments at most medical offices start at 8 a.m. and continue until 5 p.m., Monday through Friday.

To cancel an appointment, visit **kp.org/appointments** or call 1-800-813-2000. You can cancel an appointment at any time. We just ask that you let us know as soon as you can so we can offer the time to another member.

When to call an advice nurse

If you have a health concern and are not sure what to do or where to go to get care, an advice nurse can evaluate your concern and make recommendations about next steps.

Call an advice nurse 24 hours a day, 7 days a week:

- All areas **1-800-813-2000**
- Oncology advice in the Longview-Kelso area **360-636-5559**

DO IT ONLINE

If you're a new member, get started at **kp.org/newmember**. You can register, choose a doctor, transfer prescriptions, and make an appointment – all from one place.

SPECIALTY CARE

We want to help you get the care you need. If you think you need to see a specialist, let your primary care provider know. In most cases, you'll need a referral from your primary care provider before you see a specialist for the first time. Follow-up visits with Kaiser Permanente providers do not require a referral, as long as they are with the same specialist and for the same condition.

If you are referred to a provider outside of Kaiser Permanente or its select providers, the services to be provided, the number of allowed visits, or the time period to make visits may be limited. You will get a written Authorization for Medical Care with more details when the referral is authorized. You must receive an authorization before you get care, except in emergencies. You can contact your referring provider if you need more visits or services.

In most cases, your diagnostic tests (including laboratory and imaging) need to be done at a participating or select facility.

For questions about where you can receive care, call Member Services at **1-866-616-0047**.

Specialties that don't require referrals

You can schedule appointments for some specialties without a referral,* including:

- Addiction medicine (chemical dependency services)
- Cancer counseling
- Cosmetic center†
- Mammography
- Mental health
- Obstetrics-gynecology
- Occupational health
- Social services
- Vision Essentials by Kaiser Permanente
 - Ophthalmology

*Referral requirements may apply if you are seeing a community-affiliated care provider.

†Cosmetic services are generally not considered medically necessary and therefore are not a covered service.

Use of services

We provide care based on what is most appropriate for the condition being treated or diagnosed and the existence of coverage. We do not use financial incentives to encourage providers to limit or deny care to members or to make decisions that result in decreased use of services. We do not make decisions about hiring, pay, promotions, or termination of employment based on the likelihood that denials will be supported.

SPECIALTY CARE AND PREAUTHORIZATION FROM PPO AND NON-PARTICIPATING PROVIDERS

Referrals for specialty care

Generally, you may see any PPO provider or non-participating provider without a referral. However, you will need a PPO provider or a non-participating provider referral for:

- Multidisciplinary rehabilitation therapy.
- Occupational therapy.
- Physical therapy.
- Respiratory therapy.
- Speech therapy.

Although you need a provider referral, your Tier 2 or Tier 3 benefit applies based on who provides the therapy, not on who makes the referral. If a PPO provider provides the therapy, your Tier 2 benefit applies. If a non-participating provider provides the therapy, your Tier 3 benefit applies.

Prior authorization

All Tier 2 and Tier 3 covered services require prior authorization, except for the following:

- Ambulance services.
- Any single durable medical equipment item with charges (for Tier 2) or allowed amount (for Tier 3) less than \$500.
- Emergency services.
- Health education.
- Limited outpatient drugs, supplies, and supplements.
- Maternity services.
- Outpatient laboratory.
- Outpatient radiology, except MRI, CT scans, PET scans, and bone density/DXA scans. (For MRI, CT scan, PET scan, and bone density/DXA scan prior authorization requirements, see the "Outpatient Laboratory, X-ray, Imaging, and Special Diagnostic Procedures" section of your EOC.)
- PPO provider (for Tier 2) and non-participating provider (for Tier 3) office visits that do not include a procedure.
- Services that PPO providers and PPO facilities (for Tier 2) and non-participating providers and non-participating facilities (for Tier 3), bill as preventive services.

Prior authorization requires 48 hours' advance notice. To obtain prior authorization or for questions about medical necessity requirements, you or your provider may call Kaiser Permanente at **1-855-281-1840**.

Case management

Case management and disease management services for members accessing care outside Kaiser Permanente are provided by Kaiser Permanente's internal Utilization Management Department, the Regional Telephonic Medicine Center, and others when coordination of care is necessary.

Complex case management

Complex case management is a short-term (three to six months) intensive program designed to assist eligible* members with certain complex medical conditions. Members enrolled in the program work with a registered nurse case manager to set goals for improved health and functional capability. If a member meets program criteria, a nurse will work with the member to develop a plan of care and provide frequent support.

*To find out more about the program and eligibility criteria, call 1-855-517-8382 (toll free).

Disease management

Kaiser Permanente offers disease management programs for certain chronic conditions like diabetes and cardiovascular disease. Members who meet criteria can enroll in the program and receive support to help manage their conditions. For more information or to see if you're eligible, call **1-855-517-8382** (toll free).

URGENT APPOINTMENTS AND CARE

Urgent Care is there to help when an illness or injury is not life-threatening or limb-threatening but can't wait until the next day.

CHECKLIST FOR APPOINTMENTS

To get the most out of your appointments and help us keep you safe and healthy, be an active participant with your health care team. Follow these five steps:

1. Prepare for your office or hospital visit. Write down questions and notes beforehand. To prepare for your visit:
 - Arrive 10 to 15 minutes early to allow time for check-in.
 - Bring your Kaiser Permanente ID card and a photo ID.
 - If you are covered by another health plan – including Medicare, Medicaid, or any other medical insurance carrier – bring your ID card for that plan too. If that plan is your primary plan, we'll coordinate the benefits. (This does not apply to Oregon individual and family plan members and other non-group members.)
 - If you're having trouble communicating, bring a friend or family member along to help you ask questions and remember answers.
 - If you're being seen for a work- or accident-related illness or injury, tell the receptionist.
2. If your plan includes a copayment, coinsurance, or deductible, be prepared to pay it when you check in.
 - You may pay by cash, check, debit card, and Visa, MasterCard, Discover, and American Express cards. What you pay depends on your plan benefits.
 - If you can't afford to pay your copayment, coinsurance, or deductible, you may ask to speak to a financial counselor to review your payment options. You may be eligible for a payment plan or other financial assistance. Contact Member Services (see page 5) for details.
3. Bring a list of all the medications you are taking, including over-the-counter medications such as aspirin, vitamins, and herbal supplements. If you have any questions about your medications, ask your doctor or the pharmacy. Learn more about your medications at kp.org/medications.
4. Speak up when you have questions or concerns. If you have questions, make a list and bring it to your appointment. After your questions are answered, summarize the information in your own words to help clarify the information. It's a good idea to ask questions before a medical test, when your doctor prescribes medication, and before you begin any medical treatment.

What to ask:*

 - What is my main problem?
 - What do I need to do about it?
 - Why is it important for me to do this?
5. Be patient with questions from your health care team. Different members of your health care team may ask the same questions several times, such as your name or whether you have allergies. Asking these questions is one way we make sure you are getting the right care.

PHARMACY SERVICES

Kaiser Permanente has a formulary list of medications and supplies covered for your benefit. To get a prescription at your usual copayment or coinsurance, the drug must be on our formulary or your Northwest Permanente physician must feel the drug meets the exception criteria for a non-formulary drug, including any medication-specific criteria. Our health care team uses the formulary to help determine the safest, most effective prescription for you.

Once you have a prescription written by a participating provider, you can order your prescription refills without standing in line at kp.org/rxrefill. You can save time and money through our postage-paid Mail-Delivery Pharmacy service, available for most prescriptions. You may also call our automated telephone service at **1-800-548-9809**.

To place an order, you'll need your credit card or debit card information, health record number, and prescription number(s). We'll send your refill to the postal address you choose. Allow 7 to 10 workdays for prescriptions to arrive in the mail.

You can also pick up your prescriptions and buy over-the-counter medications at most of our Kaiser Permanente medical offices.

To contact your local pharmacy call **1-800-813-2000** option 1 then option 2.

If you have a prescription drug benefit, you can find details in your *EOC*.

Please note: Drugs that require special handling, such as temperature-sensitive or high-cost medications, are not provided through our Mail-Delivery Pharmacy. We do not mail drugs to addresses outside the states of Oregon and Washington.

DO IT **ONLINE**

Avoid long lines by ordering your refill prescriptions at kp.org/rxrefill.

HEALTHY LIVING

We're here for you when you need care for an illness or injury. But more than that, we want to help you stay healthy so you can do the things you want to do in your life. Take advantage of classes, programs, products, and online tools that help you stay happy and healthy.

Health Engagement and Wellness Services

You can find resources that can help you thrive from Health Engagement and Wellness Services. Health coaching by phone, classes, and kp.org/healthengagement can help you achieve your health goals.

Class topics include:

- Nutrition
- Quitting smoking, chewing, and vaping
- Childbirth and parenting
- Managing diabetes

There is no fee for Kaiser Permanente members for any HEWS offering.

For more details, you can download a Healthy Living catalog at kp.org/healthengagement/catalog.

Wellness coaching by phone

Thinking about a healthier lifestyle? Talk with a health coach one-on-one by phone or video call. These behavior change experts can support you as you discuss:

- Your health goals
- The process of change
- Ideas to jump-start your motivation
- Tools to help overcome common obstacles
- Options for new resources and next steps

Call **503-286-6816** or **1-866-301-3866**, option 2, to learn more and schedule.

Healthy lifestyle programs

With our online wellness programs, you'll get advice, encouragement, and tools to help you create positive changes in your life. These digital programs are far more than just information. They are designed to help you assess where you are, and then provide tailored tips, tools, and messages that meet your specific goals.

Start with a Total Health Assessment, a simple online survey about you, your habits, and your choices. Your answers result in a personal Health Profile created just for you by health professionals. It will help you set goals to improve your well-being.

These programs can help you with:

- Eating healthy
- Losing weight
- Moving more
- Sleeping better
- Reducing stress
- Quitting smoking
- Managing health conditions

PREVENTIVE CARE – STAYING HEALTHY

Care during and after pregnancy

Having a baby can be one of life's most joyous and challenging experiences. We can help you on the journey – whether you are dreaming of motherhood, have a baby on the way, or are holding your newborn in your arms. Visit kp.org/pregnancy for information.

If you are pregnant, we recommend that your first visit with a doctor, nurse practitioner, or nurse-midwife take place between the 6th and 12th week of pregnancy. In many cases, visits will follow the schedule below. Some women will need to be seen more often.

Pregnancy visit schedule

Weeks 6-12. Pregnancy education, discussion of genetic testing choices, physical exam, lab tests, and determining due date.

Week 16. Schedule ultrasound test for 18-20 weeks.

Week 22. Monitor fetal activity, watch video, and schedule childbirth class.

Week 28. Get fetal kick count, start classes, and do blood tests.

Week 32. Schedule hospital tour and fill out hospital forms.

Week 36. Discuss birth plan, get a Group B strep test, and determine baby's position.

Week 38. Labor education.

Week 40. Discuss overdue delivery plan.

Week 41. Start and revise postdate plan. Do a non-stress test to monitor baby's condition.

After delivery. See your provider four to six weeks after giving birth.

If you think you are pregnant – or would like to talk about planning a pregnancy – call the Obstetrics-Gynecology Department at the Kaiser Permanente medical office most convenient for you. Visit kp.org/pregnancy for information to help you on this journey.

RECOMMENDED ADULT PREVENTIVE MEASURES

You'll find highlights of preventive measures below. Under the Patient Protection and Affordable Care Act, also known as health care reform, certain preventive care services in many of our plans will be covered with no cost sharing. This means that you won't have to pay copayments, coinsurance, or deductible payments for some preventive services specified by the government. To learn more about these and additional prevention topics, go to kp.org/prevention.

Lifestyle practices

- **Tobacco use:** Avoid or quit tobacco use. Avoid secondhand exposure.
- **Exercise:** Get 30 minutes or more of moderate to strenuous exercise on most days.
- **Diet:** Choose foods low in saturated fat. Eat eight or more servings of vegetables and fruits every day, and consider portion size.
- **Safety:** Use seat belts, bicycle helmets, and smoke detectors. Store guns properly.
- **Alcohol:** If you drink, do so in moderation. Don't drink and drive.
- **Sexuality:** Discuss sexual practices, disease prevention, and family planning with your health care provider.

Immunizations

- **Tetanus, diphtheria, acellular pertussis (Tdap):** One dose Tdap for adults 19 and older, if not given earlier, then one dose Td every 10 years. One dose Tdap each pregnancy
- **Pneumococcal vaccination:** One dose before age 65 if you have high risk factors; once for those 65 and older if not yet received.
- **Influenza vaccine:** Every year for all adults.
- **Hepatitis A:** Two doses for those with risk factors (consult your health care provider).
- **Hepatitis B:** Two or three doses for those with risk factors (consult your health care provider).
- **Measles, mumps, rubella (MMR):** One or two doses if you were born during or after 1957 and not immunized as a child.
- **Chickenpox (varicella):** Two doses if you did not have chickenpox and were not immunized as a child.
- **Meningococcal:** One or more doses if you have risk factors.
- **Shingles (zoster):** Two doses for those 50 years of age and older.
- **Human papillomavirus (HPV):** Two or three doses up to age 26, if not given earlier.

Screening tests (all)

- **Hypertension:** Ages 20 to 39, check blood pressure every 3-5 years if lower than 130/85. Beginning at age 40, check blood pressure every year.
- **Colorectal cancer:** Ages 50 to 74, have a FIT (home stool test) every year. Discuss other possible options with your health care provider. To request a FIT kit, call Clinical Quality Support Services at **1-855-517-8382**.
- **Diabetes:** Discuss with your health care provider.
- **Cholesterol:** Beginning at age 20, check once through age 40. After 40, check every five years.

Screening tests (women)

- **Cervical cancer:** Cervical cancer screening test every three years from ages 21 to 29 regardless of sexual activity. Women ages 30 to 64, have a Pap/HPV co-test every five years.
- **Chlamydia:** Beginning at age 16, every year through age 24.
- **Breast cancer:** Mammogram at least every two years for women ages 50 to 74 (no referral required). Discuss with your health care provider if you want to be screened before 50 or after 74.
To make an appointment, call **1-888-810-7499**.
For Longview-Kelso area, call **1-800-257-2001**.
- **Osteoporosis:** Bone densitometry once at or after 65.

Screening tests (men)

- **Prostate cancer:** Discuss with your health care provider the need for testing between ages 50 and 69.
- **Osteoporosis:** Bone densitometry once at or after 70.

Preventive care visits

- **18 to 49:** Schedule a checkup every five years.
- **50+:** Schedule a checkup every two years.

WHEN YOU TRAVEL, WE'VE GOT YOU COVERED

You're covered for most emergency and urgent care when you travel, subject to the terms and limitations in your EOC. If you are temporarily outside our service area, urgent care from a non-participating provider or facility is covered if the services were necessary to prevent serious deterioration of your health and could not be delayed until you returned to our service area.

Urgent care is treatment for an unforeseen, nonemergency condition that requires prompt medical attention. Urgent care in an emergency department outside our service area is subject to the emergency department copayment, coinsurance, and/or deductible (see page 2). If you pay for care, we'll reimburse you for the charges covered under your plan, minus any copayment, coinsurance, or deductible. Just send us the receipts, medical records, and itemized bills.

Hospital stays. Please call us at **1-877-813-5993** immediately after being admitted to a hospital. Other Kaiser Foundation Health Plan service areas have hospitals. If you are admitted to a hospital owned and operated by Kaiser Foundation Health Plan, you don't need to call us.

Routine and follow-up care. You are not covered for follow-up visits, routine or continuing care, or care you could have received before leaving home. However, if you travel to an area listed on the facing page, you may receive these types of care at designated facilities. The types of care you may receive and what you pay may be different from your benefits, copayments, coinsurance, and deductibles in our service area. To learn more about travel benefits, request the While You Are Away brochure from Member Services.

Going overseas?

Our International Travel Clinic is your one-stop source for travel-related vaccinations, medications, and health information. Please call us six to eight weeks before your trip. If you'll be doing medical work abroad or staying longer than three months, call us four months before your trip. You can reach us at **1-844-424-1865** Monday through Friday, 8 a.m. to 4 p.m.

Other Kaiser Foundation Health Plan service areas

If you need care while you're in one of the service areas listed on the facing page, please contact Member Services in that service area. They will help you make an appointment and answer your questions.

Member Services hours vary by region. In general, the hours are Monday through Friday, 8 a.m. to 5 p.m. If you'd like more details, order a travel packet online or contact Member Services (see page 5).

Note: Available services and service areas may change at any time.

ADVANCE DIRECTIVES

If you are an adult, you have the right to know about any medical treatment your provider recommends for you and the right to refuse it if you choose. However, a serious illness or sudden injury could leave you unable to make decisions or express your wishes. In that case, your relatives and caregivers would have to decide what you would want.

Some states, including Oregon and Washington, allow you to put in writing (ahead of time) your medical preferences if you are seriously ill or injured and unable to communicate your wishes. These documents are called advance directives.

Completing an advance directive is your choice. If you choose not to fill out and sign these forms, it will not affect your health plan coverage or your access to care. Advance directive forms are used only when you are unable to communicate your health care wishes. You have the right to decide your own health care as long as you are able to.

Advance directives in Oregon

The *Oregon Advance Directive* lets you name a person to direct your health care when you cannot do so. Your health care representative must agree in writing to do this. This form allows you to give instructions for health care providers to follow if you become unable to direct your care. These instructions may include decisions about general health care and the withholding or withdrawal of life-sustaining procedures, including artificially administered food and water. You will get care for your comfort and cleanliness no matter what health care choices you make. Your advance directive is valid only if you sign it voluntarily when you are of sound mind. You may revoke it at any time.

Another type of advance directive is the *Physician Orders for Life-Sustaining Treatment* (POLST). Unlike the *Oregon Advance Directive*, which is for anyone 18 and older, POLST forms are only for those who are frail or living with a life-threatening illness. POLST forms are written by your doctor. Once your doctor signs the POLST form, it becomes a medical order and must be followed by medical personnel, including paramedics, in an emergency.

Advance directives in Washington

Washington has three advance directive documents. The *Directive to Physicians* allows you to identify, in advance, life support treatments you do or do not want. It remains in force unless you revoke it.

A *Durable Power of Attorney for Health Care* lets you appoint a health care representative to act on your behalf if you become unable to communicate your wishes or make decisions about your care. Unless you specify otherwise, it remains in force for your lifetime. You may revoke it at any time.

Another type of advance directive in Washington is the *Physician Orders for Life-Sustaining Treatment* (POLST). Unlike the advance directives mentioned above, which are for anyone 18 and older, POLST forms are only for those who are frail or living with a life-threatening illness. POLST forms are written by your doctor. Once your doctor signs the POLST form, it becomes a medical order and must be followed by medical personnel, including paramedics, in an emergency.

Other advance directives

Mental health advance directives are written documents that describe what you want to happen if you become so incapacitated by mental illness that your judgment is impaired or you are unable to communicate effectively. It can tell others what treatment you want or don't want. It can also identify a person to whom you have given authority to make decisions on your behalf.

To learn more

This is a brief summary of advance directives. If you'd like more details, please contact Member Services (see page 5) or call to speak with a health coach at **503-286-6816** or **1-866-301-3866** and select option 2.

You also can learn more about advance directives and sharing your wishes about future health care decisions in a webinar. Life Care Planning – My Values: First Steps is offered at no charge to Kaiser Permanente members. To register, sign on at **kp.org/appointments**. Click "Schedule appointment," then select Health and Wellness Education as the reason for the appointment. Follow the prompts and make your selections to finish registering. You can also register by calling **503-286-6816** or **1-866-301-3866**, option 1.

You'll find more information, videos, and advance directive forms at **kp.org/lifecareplanning**.

Where to get forms

If you decide to create an advance directive, you can download the forms at **kp.org/advancedirectives**. You can also contact Member Services (see page 5) to request one of the forms or documents listed below. There is no charge for these documents.

- *Advance Directives in Oregon Brochure with Form.*
- *Advance Directives in Washington Brochure with Form.*
- *Mental Health Advance Directives Summary Sheet.*

POLST forms are available only from health care providers.

Mental health advance directive forms are available from Mental Health Services.

HEALTH PLAN ADMINISTRATION

Coverage

For a particular treatment or service to be covered, it must be:

- Medically necessary.
- Covered by the plan in which you are enrolled.
- Provided, prescribed, or directed by a participating or select health care provider unless:
 - Your *EOC* says otherwise.
 - You receive emergency care or you receive urgent care outside our service area.
 - You are enrolled in an Added Choice plan and receive care under Tier 2 or Tier 3.

To ask about coverage for a specific treatment or service, contact Member Services (see page 5).

Complaints, grievances, and appeals

If you're dissatisfied with your care, discuss it with your provider as soon as possible. For other problems with care or service, ask to speak with an administrator before you leave the medical office.

If you still aren't satisfied, ask Member Services (see page 5) about the member satisfaction procedure. We'll give you information about the complaint, grievance, and appeal process.

You can also get this information in your *EOC* and on kp.org.

Independent reviews

If you've exhausted the appeal process within KFHPNW, your appeal may be eligible for an external review. Certain kinds of decisions can be reviewed by an independent review organization (IRO). You must ask for an external review within 180 days of the date on your final decision letter from us.

If you request an external review, and your appeal qualifies for review, we will send your appeal to the IRO. (Remember that your appeal may or may not qualify for IRO review.) Your pertinent medical records will be included. For details, see the instructions in your decision letter. You can also find information in your *EOC*. Or you may contact Member Services for information (see page 5). You are not responsible for the cost of an IRO review.

Primary and specialty care delivery

If the medical office where you have been receiving primary care no longer provides care, we will send you a letter with information about how to get care at other locations. We want to help make this transition as smooth as possible for you.

If your primary care provider moves to a different location or leaves Kaiser Permanente, we will send you a letter to let you know. Member Services (see page 5) will be ready to help you find a new primary care provider.

If you get ongoing care from a specialist and that specialist changes locations or leaves Kaiser Permanente, we will let you know. If this happens, you can contact the specialty department for future appointments.

Note that, in some cases, you may be able to continue seeing your primary or specialty care provider for a limited time. The letter we send you will provide specific details.

QUESTIONS

Notice to Medicare members

We are required to maintain records on the work status of our Medicare members. If you have recently changed your work status (for example, if you have stopped working or have gone back to work), please contact Member Services (see page 5).

Medicare eligibility

If you have recently become eligible for Medicare benefits, please contact Member Services (see page 5).

Privacy practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers and facilities to protect your PHI. Your PHI is individually identifiable information about your health, health care services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of services. We are sometimes required by law to give PHI to others such as government agencies or in judicial actions. PHI is shared with your employer or plan sponsor only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices*, which provides additional information about our privacy practices and your rights regarding your PHI, will be furnished to you upon request. To request a copy, please call Member Services (see page 5). Our *Notice of Privacy Practices* is also available at your local plan facility and at kp.org/privacy.

Patient safety

We want to provide you with care that is reliable, effective, consistent, and safe. You are an important part of your health care team. Here are some things you can do to be actively involved.

Prepare for your visits. Think about what your provider needs to know and what questions you have. Be sure to bring a list of medications that you are currently taking.

Share information about your medical history, symptoms, medications, and drug allergies. Explain to your doctor why and how often you take each medication.

Ask your doctor:*

- What is my main problem?
- What do I need to do about it?
- Why is it important for me to do this?

Discuss the options for your care. Have your doctor review with you any health-related information handed to you during the visit.

Get test results. Read and understand them. Get help if you need it.

At the end of your visit, be sure to repeat back to your doctor in your own words what is expected of you after the visit.

Find out what to expect after surgery.

New technology assessments

When a new medical technology or procedure needs review, our Interregional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from the interregional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when the contract renews.

YOUR RIGHTS AND RESPONSIBILITIES

OREGON AND WASHINGTON

About your rights and responsibilities

At Kaiser Permanente, we believe that maintaining good health is a very important part of your well-being. Providing the quality health care necessary to maintain your good health requires building a partnership between you and your health care professionals.

You need information to make appropriate decisions about your care and lifestyle choices. Your health care professionals need your involvement to ensure you receive appropriate and effective health care. Mutual respect and cooperation are essential to this partnership.

It is important for you to know what you can expect and what we need from you when you receive care at Kaiser Permanente.

YOUR RIGHTS

At Kaiser Permanente, you have the right to:

- Receive information about Kaiser Permanente, our services, our health care practitioners and providers, and your rights and responsibilities.
- Be treated with consideration, compassion, and respect taking into account your dignity and individuality, including privacy in treatment and care without regard to your race, religion, ethnicity, color, national origin, cultural background, ancestry, language, gender, gender identity, gender expression, sex, sexual orientation, marital status, physical or mental disability, genetic information, age, or financial status.
- Be supported in selecting and changing clinicians and seeking a second opinion within our plan.
- Participate with practitioners in making decisions about your health care.
- Receive full information about your care, including a candid discussion of appropriate or medically necessary treatment options for your conditions; the benefits, risks, and alternatives of recommended treatments or procedures regardless of cost or coverage; and realistic alternatives when hospital care is no longer appropriate. We'll provide information in a way you can understand and provide an interpreter if you need one.
- Receive assistance when you face difficult medical ethics issues by arranging consultations with members of our ethics services staff.
- Be supported if you change your mind about any procedure, refuse treatment, or decline to participate in medical training programs or research projects, and inform you of the consequences of your refusal.
- Be respected for your right to personal privacy and your right to make decisions about your future.
- Give instructions about what is to be done if you are not able to make medical decisions for yourself. The legal documents that you can use to give your directions in advance are called "advance directives."
- Timely access to your covered services and drugs. As a plan member, you have the right to get appointments and covered services from our network of providers within a reasonable amount of time. You also have the right to get your prescriptions filled or refilled at any of our network pharmacies without long delays.
- Be transferred only when medically appropriate and when the receiving facility is ready to accept you.
- Receive the names, professions, and educational backgrounds of the people treating you.
- Expect that the confidentiality of all personal health information, communications, and records regarding your care are protected. This information will not be released to any person or entity not affiliated with Kaiser

- Permanente without your prior authorization. We may make exceptions to this policy only when the release of information is authorized by law or when the information is to be used for quality improvement activities, bona fide research, or statistical reporting. You may review and obtain copies of your medical or dental records, unless restricted by law or when detrimental to your own well-being. If you think part of your medical record is incorrect, you may add a statement listing your objections and corrections.
- Receive a response in an appropriate, confidential, and timely manner to any concerns you have about your care or services provided, without sanction or reprisal. Membership Services will inform you of member satisfaction procedures and resources available to assist you.
- Be informed of business relationships between your Health Plan and others – health care providers, educational institutions, insurer – that may influence your treatment and care.
- Receive information about charges and payment methods. We will provide an itemized statement of non-covered services upon request, for an additional service charge.
- Voice your complaints freely without fear of discrimination or retaliation. If you are not satisfied with how your complaint was handled, you may have us reconsider your complaint.
- Make recommendations regarding Kaiser Permanente’s Member Rights and Responsibilities policy.

YOUR RESPONSIBILITIES

At Kaiser Permanente, you have the responsibility to:

- Follow the treatment plan agreed on by you and your health care practitioner. You have a responsibility to inform your health care practitioner if you do not understand or cannot follow through with your treatment, and to let your health care practitioner know if changes need to be made.
- Improve the quality and safety of your care by providing accurate and complete information about your medical history, medications, and any changes in your condition.
- Understand your health problems and participate in developing mutually agreed upon treatment goals, to the extent possible. Ask questions if you do not understand any aspect of your medical or dental condition or treatment.
- Be aware of the daily lifestyle decisions that affect your health, and that the choices you make can reduce the risks to your health and the health of your family.
- Tell your health care team if you are satisfied or dissatisfied with any aspect of your care.
- Provide your family, health care practitioner, and hospital with a copy of any advance directive you wish Kaiser Permanente to follow, should you be unable to make your own decisions.
- Treat your health care team with consideration and respect.
- Treat other patients with consideration and respect. When you are in the hospital, avoid having the volume on television sets too loud, having too many visitors, or holding loud conversations that may disturb other patients.
- Comply with the no-smoking, no-weapons, and visiting-hours policies.
- Be familiar with your health care benefits.
- Tell us if you have any other health insurance coverage or prescription drug coverage in addition to our plan. Please call Member Services to let us know.
- Tell us if you move. If you are going to move, it is important to tell us right away. If your coverage is through your employer, it is important that the change of address is also reported to your employer.
- Have your Kaiser Permanente ID card handy when you call for an appointment or advice, or when you come in for care.
- Notify Kaiser Permanente in advance if you will be late for, or have to cancel, an appointment.
- Pay your bills on time and pay your copayments when you come in for care.

NONDISCRIMINATION NOTICE

Kaiser Foundation Health Plan of the Northwest (Kaiser Health Plan) complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Kaiser Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. We also:

- Provide no cost aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats, such as large print, audio, and accessible electronic formats
- Provide no cost language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, call **1-800-813-2000** (TTY: **711**)

If you believe that Kaiser Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by mail or phone at: Member Relations, Attention: Kaiser Civil Rights Coordinator, 500 NE Multnomah St. Ste 100, Portland, OR 97232, telephone number: 1-800-813-2000.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20201, 1-800-368-1019, 1-800-537-7697 (TDD). Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.
