YOU, YOUR DOCTORS, and Kaiser Permanente

IT STARTS WITH YOUR PERSONAL PHYSICIAN

Your Permanente primary care physician (PCP) partners with you to help you live the healthiest life possible. He or she coordinates your care, orders needed tests, and consults with specialists, pharmacists, and others, as needed. When you have a PCP, you have a physician who knows you, understands your health goals and preferences, and advocates for you. The information you need to choose your PCP can be found in this directory or online at kp.org/doctor. The next pages show you how to do both. If you're a woman age 18 or older, you also have a personal obstetrician/gynecologist who coordinates your special health care needs.

NEW! You can make a video appointment with your Permanente personal doctor. You'll need a smartphone, tablet, or computer with a camera and you must be present in Maryland, D.C., or Virginia during the appointment.

CONTINUING YOUR CARE WITH SPECIALISTS*

Should you ever need a specialist (for example, a cardiologist, neurologist, podiatrist, or dermatologist), we have doctors who are able to address health care needs across more than 50 medical and surgical specialties. Our specialists are experts in their fields and are ready to help diagnose and treat you whether you have a broken bone or a chronic condition. Having a team that knows you and is focused on you can lead to quicker, better diagnoses and treatments. At many locations, your doctor, specialists, lab services, radiology, and pharmacy are all together in one place.

**Choose with confidence:
Your physicians are part of
the Mid-Atlantic Permanente
Medical Group***

There are more than 1,200 physicians in the multispecialty Mid-Atlantic Permanente Medical Group, P.C., who treat Kaiser Permanente members like you. They practice in Kaiser Permanente medical centers. The group includes physicians from major specialties and subspecialties, behavioral health, and high-risk prenatal care.

Because our
care model

reduces the burden of administrative hassles, insurance claim forms, and other paperwork for Permanente doctors, they're free to focus

on what they do best—delivering great care that's right for you. This is why we are able to successfully recruit from top medical schools and from private practices across the nation. Doctors are looking for a better way to practice medicine, and Kaiser Permanente allows them to spend more time with you and less time running a business.

*** Note:** You may also choose from among affiliated physicians who are not Permanente physicians for primary care. Affiliated physicians are in private practice in the community, located in areas more distant from Kaiser Permanente medical centers.

**Your doctor: Permanente physicians are
rigorously screened and expertly trained**

- Board certified or, for newly hired physicians, required to become board certified within five years of hire
- Expert training in a specialty
- Completed medical specialty exam
- Re-credentialed every three years, every two years for certain specialties
- License and certification always up to date
- Trained to communicate with patients

IT'S TOUGH TO BECOME ONE OF OUR DOCTORS.

Only 1 in 10 who applies is accepted as a Permanente doctor.

Permanente physicians promote a healthy lifestyle, disease prevention, evidence-based medicine, education, and open communication. Improving patient health using these approaches, combined with management of chronic diseases, is a cornerstone of Permanente medicine.

Kaiser Permanente Urgent Care and Urgent Care PLUS

Better medicine when you need it

A higher level of care

All Kaiser Permanente Urgent Care centers offer more clinical capabilities than average urgent care centers, including

- General radiology (X-ray)
- The ability to administer IV medications on site
- Pharmacy located on site
- Urgent lab services, also on site

Our Urgent Care PLUS locations offer additional services, such as

- 24/7 hours of operation
- Advanced imaging (CT scans or MRIs)
- Extended treatment and observation capabilities, including cardiac monitoring, blood transfusions, and more
- Physicians board certified in emergency medicine on site

You should experience shorter average wait times than you would in an emergency room.

Stay connected with the doctors you know

When you need urgent care services, you can get the care you need right at a Kaiser Permanente medical center from Permanente physicians. These Permanente specialists provide coverage to our urgent care centers several of which are open 24/7. There, the doctors and health care team have access to your electronic medical record so they know your medications, medical conditions, and medical history. Afterward, your primary care physician will be able to access the information from your visit so he or she can follow up with you. If you need urgent care while out of our service area, please call our advice number for guidance.

It's Kaiser Permanente care, continued.

Call-ahead convenience for appointments and medical advice

When you think you might need urgent care services you might not know whether you need a regular appointment, an urgent care appointment, or emergency care. Simply call to speak with an advice nurse who can answer your questions, make recommendations, schedule your urgent care appointment, and provide directions if you need them. The phone number is conveniently located on the back of your member identification card. The article on page 12 of this directory shows how our service can save you time and money.

Cost advantage and time saving

Your urgent care cost share may be significantly less than what you'd pay for an emergency room visit. For specific cost information: If you are a Signature member, please refer to your *Evidence of Coverage, Non-Group Membership Agreement*, or federal brochure—RI 73-047. If you are a Kaiser Permanente for Individuals and Families member or a Child Only member, please refer to your current Membership Agreement.

Continuing your Kaiser Permanente care in the hospital

In many hospitals, you can feel like “just another patient.” Your stay can be confusing and even a little scary. At Kaiser Permanente, we believe you deserve better. We want to make your hospital visit easier, and our premier hospitals* are our partners in that effort. The premier hospitals are some of the finest in the region. Please see kp.org/premierhospitals for details on the awards and accolades each of these hospitals has received. They have Kaiser Permanente physicians available 24 hours a day, 7 days a week. The District of Columbia, Maryland, and Virginia listings on the next page identify these hospitals.

Not every hospital can be a Kaiser Permanente premier hospital. Before becoming a premier partner, each hospital is carefully checked—and rechecked—for quality of care, comfort, and safety. Independent agency reviews make sure all premier hospital partners provide top-rated, award-winning care.

When you stay in one of our premier hospitals, you have a team taking care of you that includes a Permanente hospitalist. A hospitalist is a doctor who works hand-in-hand with the hospital staff and doctors to assist you during your stay. These hospitalists are available around the clock to improve your care before, during, and after your visit.

Your medical history is in the hospital with you

At our premier hospitals, Permanente hospitalists and specialty physicians have your Kaiser Permanente medical record on hand, including your medication history, lab results, allergies, doctors' notes, and X-rays. They also update your medical record with the details of your hospital stay, so you won't have to transfer any records to other Permanente physicians after you leave the hospital.

Our premier hospitals and beyond

We believe our premier hospitals are the best places to go for nearly any hospital need. However, you may sometimes require unique medical care. That's why we've arranged with a national network of medical centers for special services like organ transplants. If your team of Permanente physicians feels you need care not offered by our premier hospitals, you're covered, including transportation to another facility.

After the hospital

A Kaiser Permanente patient care coordinator will help with your hospital stay and afterward. When you leave the hospital, you can focus on getting better and your Permanente hospitalist and other members of the Kaiser Permanente team will continue to help. If you continue your care in a skilled nursing facility, need at-home health services, or need follow-up visits with your Permanente primary care physician or specialist, we make your care as easy as possible.

Only at our premier hospitals can you receive this special Kaiser Permanente hospital-to-home care.

* Kaiser Permanente premier hospitals are independently owned and operated hospitals and are not affiliated entities of Kaiser Permanente.

A commitment to your health

Not all skilled nursing facilities (SNFs) can be Kaiser Permanente premier facilities.*

To qualify, each facility has been carefully evaluated—and is regularly reassessed—for the quality of care, comfort, and services it provides. Staff at Kaiser Permanente premier SNFs, along with your health care team, have a shared commitment to your health and well-being and are working together for the best possible outcome.

Staying connected

At a premier SNF, your health care team is made up of a Permanente doctor and case manager. They plan and coordinate your care from hospital to SNF to home. Having quick and direct access to your electronic medical records means your health care team knows everything about your care plan. It's the same information that's available to the entire team of Kaiser Permanente physicians and staff, whether in primary care, in specialty care, in our premier hospitals,** or even at our Clinical Contact Center.

Being connected like this means that everyone involved in your care stays up to date on your condition, medicines, test results, and therapy at all stages of your rehabilitation.

You don't have to worry about arranging your own appointments, obtaining medical records, or coordinating information with your Permanente primary care physician, the Permanente team taking care of you in our premier hospitals, and the team in our premier SNFs. It all happens automatically when you're a Kaiser Permanente member receiving care at one of our premier SNFs.

Getting you back home

Our goal—just like yours—is to get you better and back in the comfort of your home as soon as possible. Because the care is so well coordinated, we have found that members who stay in our premier SNFs are often able to go home sooner than those who stay in other facilities.***

Your team is there, every step of the way.

At a premier SNF, you're more than just a patient. You're our member, and your Kaiser Permanente health care team wants to do everything possible to maximize your recovery.

- Your Kaiser Permanente health care team knows who you are and why you're there, before you even arrive. They'll answer any questions you may have.
- You're seen at least weekly by the Permanente physician. Your Kaiser Permanente case manager will help you with your discharge plans. Each one oversees a specialized part of your care.
- The Permanente physician and nurse practitioner make sure that you stay on the road to recovery.
- Your Kaiser Permanente case manager is there for you to talk with and to help you with your transition from the SNF once you're ready to be discharged.
- You can even use video technology, when appropriate, for a consultation, saving you a trip to the doctor.

* Kaiser Permanente premier SNFs are independently owned and operated and are not affiliated entities of Kaiser Permanente.

** Please see kp.org/premierhospitals for details on the awards and accolades each of these hospitals has received.

Skilled nursing facilities

If you require skilled nursing care, you will be directed to a premier skilled nursing facility (SNF), unless a premier SNF cannot provide the level of medical care you need. In the event you need a level of care that is not available at a premier SNF, we will arrange care at one of our participating SNFs to ensure you are admitted to a premier hospital should the need arise. More information is available online at kpskillednursingfacility.com.*

Premier* skilled nursing facilities are those facilities that have entered into a contractual agreement with the health plan and where Permanente physicians and health plan staff are available and actively involved in all patient care plans.

Participating skilled nursing facilities* are those facilities that have entered into a contractual agreement with the health plan and where members may be referred when necessary and appropriate.

Our case managers will work with Permanente physicians to ensure you are admitted to a premier or participating facility with the appropriate level of care to meet your specific medical needs.

USTED, SUS MÉDICOS y Kaiser Permanente

TODO EMPIEZA CON SU MÉDICO PERSONAL

Su médico de atención primaria (PCP, en inglés) de Permanente trabaja en asociación con usted para ayudarle a vivir la vida más saludable posible. Él o ella coordina su atención, ordena las pruebas necesarias y consulta con especialistas, farmacéuticos y otros, según sea necesario. Cuando usted cuenta con un PCP, tendrá un médico que lo conoce, entiende sus objetivos y preferencias de salud y aboga por usted. La información que usted necesita para elegir a su PCP se puede encontrar en este directorio o en línea en kp.org/doctor. Las páginas siguientes le indican cómo hacer ambas cosas. Si usted es una mujer de 18 años o más, también cuenta con un obstetra/ginecólogo personal que coordina sus necesidades especiales de atención médica.

¡NUEVO! Usted puede tener una consulta por video con su médico personal de Permanente. Necesitará un smartphone, tableta o computadora con cámara y debe estar presente en Maryland, D.C. o Virginia durante la consulta.

Atención Urgente y Atención Urgente PLUS de Kaiser Permanente

Una mejor atención de salud cuando la necesite

Un nivel de atención más alto

Todos los centros de Atención Urgente de Kaiser Permanente ofrecen más capacidades clínicas que los centros de Atención Urgente promedio, incluidos los siguientes servicios

- radiología general (rayos X)
- la capacidad de administrar medicamentos por vía intravenosa en el mismo centro
- farmacia ubicada en el mismo centro
- servicios de laboratorio de urgencia, también en el mismo centro

Nuestras sedes de Atención Urgente PLUS ofrecen servicios adicionales, como

- horario de atención las 24/7
- imágenes avanzadas (escán CT o MRI)
- tratamiento y observación extendidos, incluido el monitoreo cardíaco, transfusiones de sangre y más
- médicos certificados por la junta en medicina de urgencias en el mismo centro

El tiempo de espera promedio es menos que en una sala de emergencias.

Permanezca conectado con los médicos que usted conoce

Cuando necesite servicios de Atención Urgente usted puede obtener la atención que necesita directamente en su centro médico de Kaiser Permanente de parte de médicos de Permanente. Estos especialistas de Permanente brindan cobertura a nuestros centros de atención de urgencia, muchos de los cuales se encuentran abiertos 24/7. Allí, los médicos y el equipo de atención de la salud tienen acceso a su registro de salud electrónico por lo cual ellos conocen sus medicamentos, afecciones médicas e historia médica. Después, su médico de atención primaria podrá tener acceso a la información sobre su consulta para que él/ella pueda hacerle seguimiento. Si necesita Atención Urgente mientras está fuera de nuestra área de servicio, sírvase llamar a nuestro número de consejería para recibir orientación.

Es la atención continuada de Kaiser Permanente.

Conveniencia de llamada anticipada para citas y consejería médica

Cuando crea que podría necesitar servicios de Atención Urgente, quizás no sepa si necesita una cita normal, una cita de Atención Urgente o atención de emergencia. Simplemente llame para hablar con un enfermero de consejería médica que pueda responder sus preguntas, hacer recomendaciones, programar su cita de Atención Urgente y darle instrucciones si las necesita. El número telefónico se encuentra convenientemente ubicado en el reverso de la tarjeta de identificación del miembro. El artículo en la página 60 de este directorio describe cómo el servicio le puede ahorrar tiempo y dinero.

Ventaja de costos y ahorro de tiempo

Su costo compartido de atención urgente podría ser significativamente inferior que lo que pagaría por una visita a la sala de emergencias. Para recibir información específica sobre costos: si es miembro de Signature, consulte su *Evidence of Coverage* (Evidencia de cobertura), *Non-Group Membership Agreement* (Acuerdo de membresía no grupal), o el folleto federal, RI 73-047. Si es miembro de Kaiser Permanente for Individuals and Families, o miembro de Kaiser Permanente Child Only, consulte su *Membership Agreement* (Acuerdo de membresía) actual.

Continuación de su atención por parte de Kaiser Permanente en el hospital

En muchos hospitales, usted se podría sentir que es “tan solo otro paciente más”. Su estadía podría ser confusa y hasta un poco temerosa. En Kaiser Permanente, creemos que usted se merece lo mejor. Queremos hacer que su visita al hospital sea más fácil, y nuestros hospitales de primera* son nuestros socios en ese esfuerzo. Los hospitales de primera son algunos de los de mayor calidad en la región. Vea kp.org/premierhospitals para conocer los detalles sobre los premios y galardones recibidos por cada uno de estos hospitales. Cuentan con médicos de Kaiser Permanente disponibles las 24 horas del día, los 7 días de la semana. Las listas que aparecen en la página siguiente del Distrito de Columbia, Maryland y Virginia identifican a estos hospitales.

No todos los hospitales pueden ser un hospital de primera de Kaiser Permanente. Antes de convertirse en un socio de primera, cada hospital se somete a una revisión exhaustiva—y se vuelve a revisar—en cuanto a la calidad de la atención, la comodidad y la seguridad. Las revisiones de parte de agencias independientes verifican que todos los hospitales socios de primera ofrezcan atención galardonada de primer nivel.

Durante su estadía en uno de nuestros hospitales de primera, tiene a su disposición un equipo que cuida de usted y que incluye a un médico hospitalista de Permanente. Un médico hospitalista es un médico que trabaja mano a mano con el personal del hospital y los médicos para brindarle asistencia durante su estadía. Estos médicos hospitalistas están disponibles las 24 horas del día para mejorar su atención antes, durante y después de su visita.

Su historial médico permanece en el hospital con usted

En nuestros hospitales de primera, los médicos hospitalistas y los médicos especializados de Permanente tienen su registro de salud de Kaiser Permanente a mano, incluyendo su historial de medicamentos, resultados de laboratorio, alergias, apuntes de los médicos y rayos X. Ellos también actualizan su registro de salud con los detalles de su estadía en el hospital, por lo que no tendrá que transferir ningún registro a otros médicos de Permanente después de que salga del hospital.

Nuestros hospitales de primera y más allá

Nuestros hospitales de primera son los mejores lugares a los cuales acudir para casi cualquier necesidad hospitalaria. Sin embargo, reconocemos que a veces podría ser necesaria una atención médica particular. Es por eso que contratamos a una red nacional de centros médicos para servicios especializados, como trasplantes de órganos. Si su equipo de médicos de Permanente considera que usted necesita atención que no ofrecen nuestros hospitales de primera, usted está cubierto, incluido el transporte a otro centro.

Después del hospital

Un coordinador de atención al paciente de Kaiser Permanente le ayudará con su estadía en el hospital y después. Al salir del hospital, usted puede concentrarse en su recuperación y su médico hospitalista de Permanente y otros miembros del equipo de Kaiser Permanente seguirán ayudando. Si continúa su atención en un centro de enfermería especializada, necesita los servicios de salud en el hogar, o visitas de seguimiento con su médico Permanente de atención primaria o especialista, nosotros haremos que su atención sea lo más fácil posible.

Solo en nuestros hospitales de primera se puede recibir esta atención especial del hospital al hogar de Kaiser Permanente.

* Los hospitales de primera de Kaiser Permanente son independientes en cuanto a su propiedad y funcionamiento y no son entidades afiliadas de Kaiser Permanente. Para ponerse en contacto con Servicios para Miembros, visite kp.org o llame gratis al 800-777-7902 (TTY 711).

Instalaciones de atención especializada de primera de Kaiser Permanente

Coordinación para una mejor atención

Un compromiso con su salud

No todas las instalaciones de atención especializada (SNF, por sus siglas en inglés) pueden ser instalaciones de primera de Kaiser Permanente.*

Para calificar, cada centro ha sido cuidadosamente evaluado—y reevaluado con regularidad—en cuanto a la calidad de la atención, comodidad y servicios que ofrece. El personal en las instalaciones de atención especializada de primera de Kaiser Permanente y su equipo de atención médica tienen un compromiso compartido con su salud y su bienestar y trabajan coordinados para obtener el mejor resultado posible.

Permanezca conectado

En una instalación de atención especializada de primera, su equipo de atención médica está conformado por un médico de Permanente, y administrador de caso. Ellos planean y coordinan su atención desde el hospital a las instalaciones de atención especializada y luego al hogar. Tener un acceso rápido y directo a su registro de salud electrónico significa que su equipo sabe todo sobre su plan de atención. Es la misma información que está disponible para el equipo completo de proveedores y personal de Kaiser Permanente, ya sea que se trate de atención primaria, atención especializada, en nuestros hospitales de primera,** o incluso en nuestro Centro de Contacto Clínico.

Estar conectado de esta manera significa que todos los que participan en su atención permanecen actualizados acerca de su afección,

medicamentos, resultados de pruebas y terapia en todas las etapas de su rehabilitación. Usted no se tiene que preocupar por coordinar sus propias citas, obtener los registros de salud o coordinar información con su médico de atención primaria de Permanente, el equipo de Permanente que cuida de usted en nuestros hospitales de primera y el equipo en nuestras instalaciones de atención especializada de primera. Todo ocurre de manera automática cuando usted es miembro de Kaiser Permanente que recibe atención en una de nuestras instalaciones de atención especializada de primera.

De regreso a casa

Nuestra meta, al igual que la suya, es ayudarlo a recuperarse y regresar a la comodidad de su hogar lo más pronto posible. Dado que la atención está tan bien coordinada, hemos descubierto que los miembros que permanecen en nuestras instalaciones de atención especializada de primera a menudo se pueden ir a casa antes que los que permanecen en otros centros.***

Su equipo está presente, en cada paso del camino.

En una instalación de atención especializada de primera, usted es más que un simple paciente. Usted es nuestro miembro, y su equipo de atención médica de Kaiser Permanente quiere hacer todo lo posible para maximizar su recuperación.

- Su equipo de atención médica de Kaiser Permanente sabe quién es usted y por qué está ahí, incluso antes de su llegada. Ellos responderán cualquier pregunta que usted pueda tener.
- Al menos una vez a la semana será atendido por el médico de Permanente. Su administrador de caso de Kaiser Permanente lo ayudará con sus planes de alta. Cada uno vigila una parte especializada de su atención.
- El médico de Permanente y el enfermero médico se cercioran de que usted permanezca en la ruta de la recuperación.
- Su administrador de caso de Kaiser Permanente está ahí para hablarle y ayudarlo con su transición de las instalaciones de atención especializada una vez que usted esté listo para el alta.
- Incluso puede utilizar la tecnología de video, cuando corresponda, para una consulta, que le ahorra el viaje al médico.

* Las instalaciones de atención especializada de primera de Kaiser Permanente son independientes en cuanto a su propiedad y funcionamiento y no son entidades afiliadas de Kaiser Permanente.

** Vea kp.org/premierhospitals para conocer los detalles de los premios y galardones recibidos por cada uno de estos hospitales.

*** Duración promedio de estadía: Instalaciones de atención especializada de primera de Kaiser Permanente (16.9 días) frente a instalaciones no de primera (23.7 días).

Instalaciones de atención especializada

Si necesita un cuidado con atención especializada, se lo dirigirá a una instalación de atención especializada (SNF, por sus siglas en inglés) de primera, a menos que una SNF de primera no pueda brindar el nivel de atención médica que necesita. En caso de que necesite un nivel de atención que no esté disponible en una SNF de primera, nos encargaremos de conseguir la atención en una de nuestras SNF participantes a fin de asegurarle que será admitido en un hospital de primera en caso de necesidad. Más información está disponible en kpskillednursingfacility.com.*

Las instalaciones de atención especializada de primera* son aquellas instalaciones que han firmado un contrato con el plan de salud y donde los médicos de Permanente y personal del plan de salud está disponible y participa activamente en todos los planes de atención a los pacientes.

Las instalaciones de atención especializada participantes* son aquellas instalaciones que han firmado un contrato con el plan de salud y donde los miembros pueden referirse cuando fuere necesario y pertinente.

Nuestros administradores de casos trabajarán con los médicos de Permanente para garantizarle que será admitido en una instalación de primera o participante con el nivel de atención adecuado para satisfacer sus necesidades médicas específicas.

Vea la siguiente página para la versión en español.

Step one: For everyone

Choose a primary care physician (PCP) from the list in this section. You and your family members each need a PCP. You can choose one doctor for each family member or a single physician to treat your entire family. Primary care medical specialties are:

- Family practice
- Internal medicine
- Pediatrics

Step two: For women

If you are a woman, ages 18 to 75, choose an obstetrician/gynecologist (ob/gyn) from the list in this section *in addition to* your PCP. It's important that you have an ob/gyn and a PCP. Please select one of each type of physician to care for you. To receive information on general and internal medicine, family practice, pediatric, ob/gyn, and behavioral health providers who are accepting new patients, as applicable, please go online at **kp.org** or call member services at **301-468-6000** or toll free at **1-800-777-7902 (TTY 711)**.

Referrals to specialists

Mid-Atlantic Permanente Medical Group (MAPMG) physicians offer primary care, pediatric services, obstetric/gynecological services, and specialty care, including, but not limited to, orthopedics, general surgery, dermatology, neurology, cardiology, and gastroenterology. If your primary care physician decides that you require covered services from other providers, you will usually be referred to a Permanente physician. Should you require services not available within MAPMG or where such services do not meet regulatory requirements for access, you might be referred to an affiliated provider in the community for that service. Receiving services from non-plan providers will be authorized only if the services are not available from plan providers. You must have an authorized referral for specialists and non-plan providers for us to cover the services and/or supplies provided. If the referral to a non-plan provider is appropriately authorized, you pay only the cost-share you would have paid if a plan provider had provided the services and/or supplies.

It is important to know that when you enroll in this health plan the services are provided through the health plan's delivery system, as described in your current *Evidence of Coverage (EOC)*, *Non-Group Medical and Hospital Service Agreement*, federal brochure—RI 73-047, or *Membership agreement*. If you are a Kaiser Permanente for Individuals and Families member or a Kaiser Permanente Child Only member: For specific benefit information, please refer to your current Membership Agreement. The following is a list of Mid-Atlantic Permanente Medical Group, P.C., primary care physicians who practice at our medical centers and the affiliated physicians who are available to provide services to you as of the date of the publication. The continuous availability and current location of physicians, medical centers, hospitals, and other providers cannot be guaranteed. As a Kaiser Permanente Signature, Kaiser Permanente for Individuals and Families, or Kaiser Permanente Child Only member, you must receive all care through Kaiser Permanente physicians, except for emergency and out-of-area urgent care. This directory is updated annually. For the most up-to-date list of primary care physicians, go to our website, **kp.org**.

 - ***Obstetras/Ginecólogos***
-

Primer paso: para todos

Elija un médico de atención primaria (PCP) de la lista en esta sección. Usted y sus miembros de familia tienen que elegir un médico de atención primaria. Usted puede elegir un médico para cada miembro de la familia o un médico para que atienda a toda su familia. Las especialidades de atención primaria son:

- Práctica familiar
- Medicina interna
- Pediatría

Segundo paso: para mujeres

Si usted es una mujer entre las edades de 18 – 75 años, debe elegir un obstetra/ginecólogo (ob/gyn) de la lista en esta sección además de su médico de atención primaria. Es importante que tenga un ob/gyn y un médico de atención primaria. Haga el favor de elegir un médico de cada tipo para cuidarle. A fin de recibir información sobre proveedores de medicina general e interna, práctica familiar, pediatría, obstetricia/ginecología (ob/gyn) y salud mental que aceptan a nuevos pacientes, cuando correspondiere, visite **kp.org** en Internet o llame a Servicios para Miembros al **301-468-6000** o llame gratis al **1-800-777-7902 (TTY 711)**.

Referencias a especialistas

Los médicos del Mid-Atlantic Permanente Medical Group (MAPMG) ofrecen atención primaria, servicios pediátricos y de obstetricia/ginecología, así como atención de especialistas, entre los que figuran, aunque sin limitarse a ellos, los de ortopedia, cirugía general, dermatología, neurología, cardiología y gastroenterología. Si su médico de atención primaria, decide que requiere servicios cubiertos de otros proveedores, puede ser que sea enviado a un médico de Permanente. Si llegara a necesitar servicios que no se ofrezcan en MAPMG, o en el caso que dichos servicios no satisfagan los requisitos reglamentarios para tener acceso a los mismos, tal vez lo envíen a ver a un proveedor afiliado en la comunidad que sí los ofrezca. La prestación de servicios por proveedores que no pertenezcan al plan solo será autorizada en el caso que no los presten otros proveedores del plan. Usted tiene que tener una orden autorizada de referencia al proveedor fuera del plan para que podamos cubrir los servicios y/o materiales proporcionados. Si la orden de referencia a un proveedor fuera del plan es debidamente autorizada, usted solo pagará los costos compartidos que tendría que haber pagado si un proveedor del plan le hubiese proporcionado los servicios y/o los materiales.

Es importante saber que cuando usted se inscribe en este plan de salud, los servicios son prestados por intermedio del sistema de suministro del plan de salud, descrito en su Evidence of Coverage (EOC, por sus siglas en inglés), el Contrato de servicios médicos y hospitalarios no colectivo, el folleto para empleados federales RI 73-047, o Acuerdo de Membresía. Si usted es miembro del plan para Individuos y Familias de Kaiser Permanente o Kaiser Permanente para Niños únicamente: Para información específica sobre los beneficios, consulte su Contrato actual de miembro. A continuación se muestra una lista de los médicos de atención primaria de Mid-Atlantic Permanente Medical Group, P.C., que ejercen en nuestros centros médicos, así como los médicos afiliados disponibles para prestarle servicios a partir de la fecha de publicación. No podemos garantizar disponibilidad continua y dirección actual de los médicos, centros médicos, hospitales y demás proveedores. Como miembro de Kaiser Permanente Signature, Kaiser Permanente para Miembros Individuales y Familias, o Kaiser Permanente para Niños únicamente, usted tiene que recibir toda su atención de parte de médicos de Kaiser Permanente, excepto en caso de emergencia y atención urgente fuera de su área. Este directorio es actualizado todos los años. Para ver la lista más reciente de médicos de atención primaria, visite nuestro sitio Web en **kp.org**.

Kaiser Permanente Specialists

Especialistas de Kaiser Permanente

When your primary care physician believes you may need specialty care, he or she will request authorization from us. If specialty care is necessary, we will authorize a referral to a particular specialist for an initial consultation and/or for a certain number of visits. If we authorize a referral, you may seek that care from the specialist to whom you were referred. Unless we have authorized additional visits without the need to obtain another referral you must return to your primary care physician after the consultation. You may see these medical group providers without first obtaining authorization: obstetrical and gynecologists, optometrists, or mental health and substance abuse. You may obtain mental health and substance abuse services from Medical Group mental health or substance abuse providers without a primary care referral by directly calling our Behavioral Health Access Unit at **1-866-530-8778** to arrange for services. If you are a Signature member: For more information about getting a referral, please refer to your current *Evidence of Coverage (EOC)*, *Non-Group Medical and Hospital Service Agreement*, or federal brochure—*RI 73-047*. If you are a Kaiser Permanente for Individuals and Families member or a Kaiser Permanente Child Only member: For specific benefit information, please refer to your current *Membership Agreement*.

*Cuando su médico de atención primaria considera que usted puede necesitar atención especializada, nos solicitará una autorización. Si la atención especializada es necesaria, nosotros autorizaremos una referencia a un especialista en particular para una consulta inicial y/o una determinada cantidad de visitas. Si autorizamos una referencia, usted deberá obtener dicha atención del especialista al cual lo refirieron. A menos que hayamos autorizado visitas adicionales sin la necesidad de obtener otra referencia, usted debe volver a visitar a su médico de atención primaria tras la consulta. Usted puede visitar a estos proveedores del grupo médico sin tener que obtener autorización previa: obstetras y ginecólogos, oftalmólogos o para el tratamiento de salud mental y abuso de drogas. Usted puede obtener servicios de salud mental y de tratamiento del abuso de drogas por parte de los proveedores de salud mental o tratamiento del abuso de drogas del Grupo Médico sin una referencia del médico de atención primaria llamando directamente a la Behavioral Health Access Unit (Unidad de Acceso a la Salud Mental) al **1-866-530-8778** para coordinar los servicios. Si usted es miembro de Signature: para más información sobre la obtención de una referencia, vea su *Evidence of Coverage (EOC)* actual, *Non-Group Medical and Hospital Service Agreement* o folleto federal *RI 73-047*. Si usted es miembro de Kaiser Permanente para Miembros Individuales y Familias o miembro de Kaiser Permanente para Niños Solamente: a fin de acceder a información específica sobre los beneficios, consulte su *Acuerdo de Membresía* actual.*
