Section 1 — Introduction

This directory provides a list of Kaiser Permanente’s network providers.

Your Primary Care Provider

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP.

Your PCP meets state standards and is trained to give you primary medical care. They will usually practice general medicine, also called internal medicine or family practice. Women may also choose specialists in obstetrics-gynecology whom the Medical Group designates as Primary Care Providers. At some facilities, you also have the option of choosing a nurse practitioner (NP) or physician assistant (PA) to be your PCP.

Your PCP will provide most of your care. If you need a specialist, your PCP will help you choose a doctor in that field and work with him or her as part of your health care team.

You can choose your PCP from any of our available primary care doctors, nurse practitioners, or physician assistants. Once you make your choice, it is effective right away. If you wish, you can change your PCP for any reason.

Choosing or changing your doctor

We believe that an important part of your total health is building a personal relationship with your primary care doctor, physician assistant, or nurse practitioner. He or she is your supporter for your health needs and goals, helping you with everything from preventive care exams and advice for healthier living to treating you when you’re sick.

Whether you’re new to Kaiser Permanente or a longtime member looking for a change, choosing a personal doctor to coordinate your care is easy. You can learn about each doctor’s certifications, specialties, languages spoken, interests, and more on **kp.org/finddoctors** to help you find the right fit for you.

If you want to make a switch, you can change your doctor at any time and for any reason.

A doctor for your unique needs

You can choose a personal doctor from one of the departments listed next.

- **Adult or Internal Medicine** (Internists)
- **Family Medicine** (Family practitioners)
- **Obstetrics-Gynecology** (Ob-Gyn)
- **Nurse Practitioners** (available at some facilities)

Nurse practitioners

At some facilities, you also have the option of choosing a nurse practitioner. Nurse practitioners are registered nurses who have advanced education and training. They can diagnose and treat a wide variety of medical conditions, write prescriptions, order and interpret lab and medical imaging tests, and educate and give advice to members and their families. They practice with a doctor’s supervision and support according to carefully controlled procedures.

How to choose or change your doctor

Online

Search our directory for primary care practitioners who are accepting new patients. Then browse their profiles to find the right doctor for you. Follow these steps:

1. Go to **kp.org/finddoctors**.
2. Choose your area.
3. Narrow your search by city, doctor name, etc.
4. Click "Search."
5. Read about the doctors and click "Select me" when you find a good match that is accepting new patients.

Phone

Call our physician selection service at **1-888-956-1616**, weekdays from 7 a.m. to 7 p.m. We'll talk to you about your needs and help you make your choice. For TTY for the Deaf, hard of hearing, or speech impaired, call **711**. Your family is free to choose different doctors at different locations.

Getting Covered Care

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Kaiser Permanente will be responsible for the costs.

The network providers listed in this directory have agreed to provide you with your health care and vision services. You may go to any of our network providers listed in this directory; however, some services may require a referral.

Your PCP will refer you to a Plan specialist when he or she believes that you require specialty care. Some specialists, such as specialists in surgery, orthopedics, cardiology, oncology, dermatology, and physical, occupational, and speech therapies require a referral. However, you do not need a referral to get specialty care from network providers in Ob-Gyn, optometry, psychiatry, and chemical dependency.

Bills from out-of-network providers

If you receive a bill from an out-of-network provider, you should not pay the bill. Send it to our Claims Department and they will let you know how much you must pay.

Claims Department
P.O. Box 24010
Oakland, CA 94623-1010

Emergency and urgent care

If you have an emergency medical condition, call **911** or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world.

For ease and continuity of care, we encourage you to go to a Plan hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care.

The doctors who are giving you emergency care will decide when your condition is stable, and the medical emergency is over.

After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. It is very important that your out-of-network provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.

You must use network providers except in emergency or urgent care situations, or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare nor Kaiser Permanente will be responsible for the costs.

Durable Medical Equipment

Durable medical equipment (DME) requires prior authorization by the Medical Group ("prior authorization" means that the Medical Group must approve the services in advance). If your treating provider determines that it is medically necessary, then you will be authorized to receive DME consistent with the terms of your health coverage. **Note:** Durable medical equipment coverage is limited to the standard item of equipment that adequately meets your medical needs. We decide whether to rent or purchase the equipment, and we select the vendor. If you have any questions, please contact **1-855-80KPDME (1-855-805-7363)**.
