

2024 Provision of Notice

Updates to our plan's Drug List that will affect drugs you take

Kaiser Permanente has a *List of Covered Drugs (Formulary)*—or “Drug List” for short. If you need a copy, the Drug List on our website (kp.org/seniorrx) is always the most current. Or call our plan at the number listed for your Kaiser Permanente region on page 5.

The Drug List tells which Part D prescription drugs are covered by the plan. It also tells which “cost-sharing tier” each drug is in and whether there are any restrictions on coverage for a drug.

During the year, with Medicare approval, we may make changes to our Drug List.

- We may add new drugs, remove drugs, and add or remove restrictions on coverage for drugs. We are also allowed to change drugs from one cost-sharing tier to another.
- Unless noted otherwise, you will have at least 30-day notice before any changes take effect unless a serious safety issue is involved (for example, a drug is taken off the market by the Food and Drug Administration (FDA) or the drug manufacturer removes it).

Updates that affect drugs you take

The list that follows tells *only* about updates to the Drug List that will change the coverage or cost of drugs you take.

(For purposes of this update list, “drugs you take” means any Plan-covered drugs for which you filled prescriptions in 2023 as a member of our plan.)

Brand-name drug Rectiv Oint 0.4 % to be replaced with generic Nitroglycerin Oint 0.4 %

- **Date and type of change:** Effective June 1, 2024, the brand-name drug Rectiv Oint 0.4 % will be removed from our Drug List. We will add a new generic version of the brand-name drug to the Drug List (it is called Nitroglycerin Oint 0.4 %). We may immediately remove a brand-name drug on the Drug List if we have replaced it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions.
- **Note:** If you want to keep using Rectiv, see the information later in this section that tells “What you and your doctor can do.”

Brand-name drug Vascepa Caps 0.5 GM and 1 GM to be replaced with generic Icosapent Ethyl Caps 0.5 GM and 1 GM

- **Date and type of change:** Effective April 1, 2024, the brand-name drug Vascepa Caps 0.5 GM and 1 GM will be removed from our Drug List. We will add a new generic version of the brand-name drug to the Drug List (it is called Icosapent Ethyl Caps 0.5 GM and 1 GM).
- **Note:** If you want to keep using Vascepa, see the information later in this section that tells “What you and your doctor can do.”

Brand-name drug Lialda Tbec 1.2 GM to be replaced with generic Mesalamine Tbec 1.2 GM

- **Date and type of change:** Effective March 1, 2024, the brand-name drug Lialda Tbec 1.2 GM will be removed from our Drug List. We will add a new generic version of the brand-name drug to the Drug List (it is called Mesalamine Tbec 1.2 GM).
- **Note:** If you want to keep using Lialda, see the information later in this section that tells “What you and your doctor can do.”

Brand-name drug Votrient Tabs 200 MG to be replaced with generic Pazopanib HCL Tabs 200 MG

- **Date and type of change:** Effective February 1, 2024, the brand-name drug Votrient Tabs 200 MG will be removed from our Drug List. We will add a new generic version of the brand-name drug to the Drug List (it is called Pazopanib HCL Tabs

200 MG). We may immediately remove a brand-name drug on the Drug List if we have replaced it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions.

- **Note:** If you want to keep using Votrient, see the information later in this section that tells “What you and your doctor can do.”

Brand-name drug Symbicort Aero 80-4.5 MCG/ACT and 160-4.5 MCG/ACT to be replaced with generic Breyna Aero 80-4.5 MCG/ACT and 160-4.5 MCG/ACT

- **Date and type of change:** Effective February 1, 2024, the brand-name drug Symbicort Aero 80-4.5 MCG/ACT and 160-4.5 MCG/ACT will be removed from our Drug List. We will add a new generic version of the brand-name drug to the Drug List (it is called Breyna Aero 80-4.5 MCG/ACT and 160-4.5 MCG/ACT). We may immediately remove a brand-name drug on the Drug List if we have replaced it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions.
- **Note:** This change can save you money because the generic drug is in a lower cost-sharing tier. If you want to keep using Symbicort, see the information later in this section that tells “What you and your doctor can do.”

What you and your doctor can do

We are telling you about these changes now, so that you and your doctor will have time (at least 30 days) to decide what to do. Depending on the type of change, there may be different options to consider. For example:

- Perhaps you can find a different drug covered by the plan that might work just as well for you.
 - You can review the online Kaiser Permanente 2024 Comprehensive Formulary at kp.org/seniorrx or call us at the number listed on page 5 to ask for a list of covered drugs that treat the same medical condition.
 - This list can help your doctor to find a covered drug that might work for you and have fewer restrictions or a lower cost.
- If necessary, you and your doctor may ask the plan to make an exception for you. This means asking us to agree that the upcoming change in coverage or cost-sharing tier of a drug does not apply to you.
 - Your doctor will need to tell us why making an exception is medically necessary for you.
 - To learn what you must do to ask for an exception, see the **Evidence of Coverage** that we sent to you. Look for Chapter 9, “What to do if you have a problem or complaint.”
 - To get a copy of the **Evidence of Coverage** if you need it, please contact us at the number for your Kaiser Permanente region listed on page 5.
