

Dear Member,

This information is being provided to all Kaiser Permanente Medicare health plan members for educational purposes only about opioid pain medicines. Opioid pain medicines such as Oxycodone (Percocet®), Hydrocodone (Norco®), Fentanyl, and Morphine are strong medications. They carry serious risks of addiction and overdose. As your health plan provider, we want you to be informed about the potential risks of using opioids.

### ***What are opioid pain medicines?***

Opioid medicines can be used to help treat moderate to severe pain when other options have not worked. They may not improve all your pain and over time opioids may also change the way your brain handles pain signals. This may lead to even more pain and/or other health symptoms like change in mood or sleep and less ability to perform daily activities. For these reasons, long-term use of opioids should be monitored closely by a doctor.

### ***What are the side effects and long-term risks of taking opioids?***

- **Tolerance** – Over time, opioids are less effective, with people needing higher doses to get the same level of pain relief.
- **Physical dependence** – Withdrawal symptoms can happen when either suddenly stopping the medicine or lowering the dose by a large amount.
- **Addiction** – You may not be able to control your opioid use.
- **Physical side effects** – Opioids can cause nausea, vomiting, and constipation.
- **Drowsiness** – Opioids can affect judgment and decision making. These side effects can cause falls and motor vehicle accidents with serious injuries.
- **Problems thinking clearly, low energy, and depression** – These side effects can impact a person's ability to work and do daily activities.
- **Sleep apnea or impaired breathing while sleeping** – Opioids may cause sleep problems that can cause daytime fatigue, impair thinking, and in some cases slow or even stop your breathing with inappropriate use.
- **Low hormone levels** – Long-term opioid use may lead to low sex drive, low energy, depressed mood, slower recovery from muscle injuries, and thinning of the bones.
- **Accidental overdose and death** – These risks increase the longer a person takes opioids.

### ***How do I safely take opioid medicines?***

- **Follow directions carefully.** Always follow your doctor's directions and never share your medicines with others.
- **Be cautious.** Do not take your medicines more often than prescribed. Talk to your doctor or pharmacist before you take any extra doses.
- **Stay away from dangerous drug interactions.** Talk to your doctor or pharmacist about all the medicines you take. Mixing opioids with any of the following can greatly add to the risk of overdose: **alcohol**, **sleeping pills** (such as zolpidem [Ambien®] or zaleplon [Sonata®]), **anxiety drugs** (such as diazepam [Valium®], alprazolam [Xanax®], and lorazepam [Ativan®]), and **muscle relaxers** (such as carisoprodol [Soma®], baclofen [Lioresal®], and others).

- **Talk to your doctor about alternative pain relievers.** If your pain is under control, ask your doctor if you should take them less often or change to other pain relief options.
- **Naloxone: Ask your doctor or pharmacist about a naloxone rescue kit.** Opioids can sometimes slow or even stop your breathing. Naloxone is a medicine that can undo the effect of opioids in your body. Naloxone is safe and can save your life. Talk to your doctor or pharmacist to see if it should be prescribed to you. Having naloxone on hand is recommended for all patients taking opioids regularly.
- **Safe storage of opioids.** Keep your opioid medicines in their original package and with the original labels. Store them in a place that is out of reach of children and cannot be easily accessed by others (e.g., locked cabinet).
- **Follow safe disposal procedures.** For safety reasons, unused medicines should be promptly disposed of by depositing medication into a collection kiosk available at many Kaiser Permanente pharmacies, using an approved send-away envelope, or at a "Drug Take Back Day" event. Send-away envelopes are available for members at select Kaiser Permanente pharmacies.

### ***What alternative pain management options should I consider?***

Talk to your doctor about ways to manage your pain that do not involve opioids and what is most appropriate for you. Some of these options may work better and have fewer risks and side effects.

Depending on the type of pain you are experiencing, options may include:

- Over-the-counter medications such as ibuprofen (Motrin®), acetaminophen (Tylenol®), naproxen (Aleve®), or topicals like capsaicin, diclofenac gel (Voltaren®), or trolamine salicylate (Aspercreme®).
- Prescription-strength anti-inflammatory medications such as meloxicam (Mobic®), diclofenac (Voltaren®), and etodolac (Lodine®). Long-term use is not recommended for older adults due to risk of side effects.
- Some prescription non-opioid medications that target pain-producing nerves, such as gabapentin (Neurontin®) and pregabalin (Lyrica®).
- Chiropractor services, physical and other therapies, heat or cold compresses, exercise, acupuncture, and cognitive behavioral therapy.

Your doctor may recommend treatment options that your plan does not cover. If this happens, contact Member Services at the phone number on the back of your ID card or visit the CMS web page that describes coverage under Medicare Parts A and B to understand your options (<https://www.medicare.gov/coverage/pain-management>).

### ***What Opioid Treatment Services are available?***

Medicare under Part B (medical insurance) covers Opioid Treatment Programs (OTPs) for opioid use disorder (OUD) treatment. For information on your *plan's benefits* related to treatment for prescription drug abuse, including medication-assisted treatment, mental health, and counseling services, please see your **Evidence of Coverage** or call Member Services at the phone number on the back of your ID card.

### ***We're here for you***

If you have any questions about this information provided in this insert or you would like to find out more about ways to manage pain, please call Member Services at the phone number on the back of your ID card.

Sincerely,

Kaiser Permanente

# Annual Notice of Changes for 2023

You are currently enrolled as a member of Kaiser Permanente Senior Advantage Enhanced plan. Next year, there will be changes to our plan's costs and benefits. Please see page 4 for a summary of important costs, including premium.

This document tells you about the changes to your plan. To get more information about costs, benefits, or rules, please review the **Evidence of Coverage**, which is located on our website at **kp.org**. You may also call Member Services to ask us to mail you an **Evidence of Coverage**.

**You have from October 15 until December 7 to make changes to your Medicare coverage for next year.**

## What to do now

### 1. **Ask:** Which changes apply to you?

- Check the changes to our benefits and costs to see if they affect you.
  - ◆ Review the changes to medical care costs (doctor, hospital).
  - ◆ Review the changes to our drug coverage, including authorization requirements and costs.
  - ◆ Think about how much you will spend on premiums, deductibles, and cost-sharing.
- Check the changes in the 2023 Drug List to make sure the drugs you currently take are still covered.
- Check to see if your primary care doctors, specialists, hospitals, and other providers, including pharmacies, will be in our network next year.
- Think about whether you are happy with our plan.

### 2. **Compare:** Learn about other plan choices.

- Check coverage and costs of plans in your area.
  - ◆ Use the Medicare Plan Finder at the **www.medicare.gov/plan-compare** website or review the list in the back of your **Medicare & You 2023** handbook.
- Once you narrow your choice to a preferred plan, confirm your costs and coverage on the plan's website.

**3. Choose:** Decide whether you want to change your plan.

- If you don't join another plan by December 7, 2022, you will stay in our Senior Advantage Enhanced plan.
- To change to a different plan, you can switch plans between **October 15 and December 7**. Your new coverage will start on January 1, 2023. This will end your enrollment with Senior Advantage Enhanced plan.
- If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can switch plans or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

**Additional resources**

- Please contact our Member Services number at **1-877-221-8221** for additional information. (TTY users should call **711**.) Hours are 8 a.m. to 8 p.m., 7 days a week.
- This document is available in large print if you need it by calling Member Services.
- Coverage under this plan qualifies as Qualifying Health Coverage (QHC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at [www.irs.gov/Affordable-Care-Act/Individuals-and-Families](http://www.irs.gov/Affordable-Care-Act/Individuals-and-Families) for more information.

**About Kaiser Permanente Senior Advantage Enhanced plan**

- Kaiser Permanente is an HMO and HMO-POS plan with a Medicare contract. Enrollment in Kaiser Permanente depends on contract renewal.
- When this document says "we," "us," or "our," it means Kaiser Foundation Health Plan of the Northwest (Health Plan). When it says "plan" or "our plan," it means Kaiser Permanente Senior Advantage Plan (Senior Advantage).

## Summary of important costs for 2023

The table below compares the 2022 costs and 2023 costs for our Senior Advantage Enhanced plan in several important areas. **Please note this is only a summary of costs.**

<b>Cost</b>	<b>2022 (this year)</b>	<b>2023 (next year)</b>
<b>Monthly plan premium*</b> *Your premium may be higher or lower than this amount. See Section 1.1 for details.	<b>\$127*</b>	<b>\$127*</b>
<b>Maximum out-of-pocket amount</b> This is the most you will pay out-of-pocket for your covered Part A and Part B services. (See Section 1.2 for details.)	<b>\$3,000</b>	<b>\$3,000</b>
<b>Doctor office visits</b>	Primary care visits: <b>\$0</b>  Specialist visits: <b>\$25 per visit.</b>	Primary care visits: <b>\$0</b>  Specialist visits: <b>\$20 per visit.</b>
<b>Inpatient hospital stays</b>	Per admission, <b>\$220</b> per day for days 1–6.	Per admission, <b>\$200</b> per day for days 1–6.

## Section 1 — Changes to benefits and costs for next year

### Section 1.1 – Changes to the monthly premium

Cost	2022 (this year)	2023 (next year)
<b>Monthly premium without optional supplemental benefits</b> (You must also continue to pay your Medicare Part B premium.)	\$127	\$127
<b>Monthly premium with optional supplemental benefits</b> This plan premium applies to you only if you are enrolled in our optional supplemental benefits package. (You must also continue to pay your Medicare Part B premium.)	\$171	\$171

- Your monthly plan premium will be more if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as "creditable coverage") for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be less if you are receiving "Extra Help" with your prescription drug costs. Please see Section 5 regarding "Extra Help" from Medicare.

### Section 1.2 – Changes to your maximum out-of-pocket amount

Medicare requires all health plans to limit how much you pay "out-of-pocket" for the year. This limit is called the "maximum out-of-pocket amount." Once you reach this amount, you generally pay nothing for covered Part A and Part B services (and other health care services not covered by Medicare as described in Chapter 4 of the **Evidence of Coverage**) for the rest of the year.

Cost	2022 (this year)	2023 (next year)
<b>Maximum out-of-pocket amount</b> Your costs for covered medical services (such as copayments) count toward your maximum out-of-pocket amount. Your plan premium and your costs for prescription drugs do not count toward your maximum out-of-pocket amount.	\$3,000	<b>\$3,000</b> Once you have paid \$3,000 out-of-pocket for covered Part A and Part B services (and certain health care services not covered by Medicare), you will pay nothing for these covered services for the rest of the calendar year.

### Section 1.3 – Changes to the provider and pharmacy networks

Updated directories are located on our website at [kp.org/directory](http://kp.org/directory). You may also call Member Services for updated provider and/or pharmacy information or to ask us to mail you a directory.

There are changes to our network of providers for next year. **Please review the 2023 Provider Directory to see if your providers (primary care provider, specialists, hospitals, etc.) are in our network.**

There are changes to our network of pharmacies for next year. **Please review the 2023 Pharmacy Directory to see which pharmacies are in our network.**

It is important that you know that we may make changes to the hospitals, doctors, and specialists (providers), and pharmacies that are part of your plan during the year. If a midyear change in our providers affects you, please contact Member Services so we may assist.

### Section 1.4 – Changes to benefits and costs for medical services

We are making changes to costs and benefits for certain medical services next year. The information below describes these changes.

## Section 1.5 – Changes to Part D prescription drug coverage

### Changes to our Drug List

Our list of covered drugs is called a formulary, or Drug List. A copy of our Drug List is provided electronically at [kp.org/seniorrx](https://kp.org/seniorrx).

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.

Most of the changes in our Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules. For instance, we can immediately remove drugs considered unsafe by the FDA or withdrawn from the market by a

product manufacturer. We update our online Drug List to provide the most up-to-date list of drugs.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your **Evidence of Coverage** and talk to your doctor to find out your options, such as asking for a temporary supply, applying for an exception, and/or working to find a new drug. You can also contact Member Services for more information.

### Changes to prescription drug costs

**Note:** If you are in a program that helps pay for your drugs ("Extra Help"), the information about costs for Part D prescription drugs does not apply to you. We sent you a separate document, called the "**Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs**" (also called the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug costs. If you receive "Extra Help" and you haven't received this rider by September 30, 2022, please call Member Services and ask for the "LIS Rider."

There are four "drug payment stages."

The information below shows the changes to the first two stages—the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages—the Coverage Gap Stage or the Catastrophic Coverage Stage.)

**Important Message About What You Pay for Vaccines** – Our plan covers most Part D vaccines at no cost to you. Call Member Services for more information.

**Important Message About What You Pay for Insulin** – You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

### Changes to the Deductible Stage

Stage	2022 (this year)	2023 (next year)
<b>Stage 1: Yearly Deductible Stage</b>	Because we have no deductible, this payment stage does not apply to you.	Because we have no deductible, this payment stage does not apply to you.

### Changes to your cost-sharing in the Initial Coverage Stage

Stage	2022 (this year)	2023 (next year)
<b>Stage 2: Initial Coverage Stage</b> During this stage, the plan pays its share of the cost of your drugs, and you pay your share of the cost.	Your cost for a one-month supply filled at a network pharmacy with standard cost-sharing: <ul style="list-style-type: none"> <li>• Tier 1 – Preferred generic drugs: You pay <b>\$5</b> per prescription.</li> </ul>	Your cost for a one-month supply filled at a network pharmacy with standard cost-sharing: <ul style="list-style-type: none"> <li>• Tier 1 – Preferred generic drugs: You pay <b>\$0</b> per prescription.</li> </ul>

Stage	2022 (this year)	2023 (next year)
<p>The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy that provides standard cost-sharing. For information about the costs for a long-term supply or for mail-order prescriptions, look in Chapter 6, Section 5, of your <b>Evidence of Coverage</b>.</p> <p>We changed the tier for some of the drugs on our Drug List. ## Section 2 — Deciding which plan to choose

### Section 2.1 – If you want to stay in our Senior Advantage Enhanced plan

To stay in our plan, you don't need to do anything. If you do not sign up for a different plan or change to Original Medicare by December 7, you will automatically be enrolled in our Senior Advantage Enhanced plan.

### Section 2.2 – If you want to change plans

We hope to keep you as a member next year, but if you want to change plans for 2023, follow these steps:

#### Step 1: Learn about and compare your choices

- You can join a different Medicare health plan.
- Or you can change to Original Medicare. If you change to Original Medicare, you will need to decide whether to join a Medicare drug plan. If you do not enroll in a Medicare drug plan, please see Section 1.1 regarding a potential Part D late enrollment penalty.

To learn more about Original Medicare and the different types of Medicare plans, use the Medicare Plan Finder ([www.medicare.gov/plan-compare](http://www.medicare.gov/plan-compare)), read the **Medicare & You 2023**

handbook, call your State Health Insurance Assistance Program (see Section 4), or call Medicare (see Section 6.2).

As a reminder, Kaiser Permanente offers other Medicare health plans. These other plans may differ in coverage, monthly premiums, and cost-sharing amounts.

### **Step 2: Change your coverage**

- To change to a different Medicare health plan, enroll in the new plan. You will automatically be disenrolled from our Senior Advantage Enhanced plan.
- To change to Original Medicare with a prescription drug plan, enroll in the new drug plan. You will automatically be disenrolled from our Senior Advantage Enhanced plan.
- To change to Original Medicare without a prescription drug plan, you must either:
  - ◆ Send us a written request to disenroll. Contact Member Services if you need more information on how to do so.
  - ◆ Or contact **Medicare at 1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week, and ask to be disenrolled. TTY users should call **1-877-486-2048**.

## **Section 3 — Deadline for changing plans**

If you want to change to a different plan or to Original Medicare for next year, you can do it from October 15 until December 7. The change will take effect on January 1, 2023.

### **Are there other times of the year to make a change?**

In certain situations, changes are also allowed at other times of the year. Examples include people with Medicaid, those who get "Extra Help" paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area.

If you enrolled in a Medicare Advantage plan for January 1, 2023, and don't like your plan choice, you can switch to another Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without Medicare prescription drug coverage) between January 1 and March 31, 2023.

If you recently moved into, currently live in, or just moved out of an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage at any time. You can change to any other Medicare health plan (either with or without Medicare prescription drug coverage) or switch to Original Medicare (either with or without a separate Medicare prescription drug plan) at any time.

## **Section 4 — Programs that offer free counseling about Medicare**

The State Health Insurance Assistance Program (SHIP) is an independent government program with trained counselors in every state. In Oregon, the SHIP is called Senior Health Insurance Benefits Assistance (SHIBA) and in Washington, the SHIP is called Statewide Health Insurance Benefits Advisors (SHIBA).

It is a state program that gets money from the federal government to give free local health insurance counseling to people with Medicare. SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call

Oregon SHIBA at **1-800-722-4134** (TTY **1-800-735-2900**) and Washington SHIBA at **1-800-562-6900** (TTY **1-360-586-0241**). You can learn more about Oregon SHIBA by visiting their website (<https://shiba.oregon.gov>). You can learn more about Washington SHIBA by visiting their website ([www.insurance.wa.gov/shiba](http://www.insurance.wa.gov/shiba)).

## Section 5 — Programs that help pay for prescription drugs

You may qualify for help paying for prescription drugs. Below we list different kinds of help:

- **"Extra Help" from Medicare.** People with limited incomes may qualify for "Extra Help" to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs, including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify will not have a coverage gap or late enrollment penalty. To see if you qualify, call:
  - ◆ **1-800-MEDICARE (1-800-633-4227).** TTY users should call **1-877-486-2048**, 24 hours a day/7 days a week;
  - ◆ The Social Security office at **1-800-772-1213** between 8 a.m. and 7 p.m., Monday through Friday, for a representative. Automated messages are available 24 hours a day. TTY users should call **1-800-325-0778**; or
  - ◆ Your state Medicaid office (applications).
- **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/underinsured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through **CAREAssist for Oregon residents and the Early Intervention Program for Washington residents.** For information on eligibility criteria, covered drugs, or how to enroll in the program, please call CAREAssist at **1-800-805-2313** for Oregon residents and the Early Intervention Program at **1-877-376-9316** for Washington residents.

**Read your 2023 Evidence of Coverage (it has details about next year's benefits and costs)**

This **Annual Notice of Changes** gives you a summary of changes in your benefits and costs for 2023. For details, look in the 2023 **Evidence of Coverage** for our plan. The **Evidence of Coverage** is the legal, detailed description of your plan benefits. It explains your rights and the rules you need to follow to get covered services and prescription drugs.

A copy of the **Evidence of Coverage** is located on our website at [kp.org/eocnw](https://kp.org/eocnw). You may also call Member Services to ask us to mail you an **Evidence of Coverage**.

**Visit our website**

You can also visit our website at [kp.org](https://kp.org). As a reminder, our website has the most up-to-date information about our provider network (**Provider Directory**) and our list of covered drugs (Formulary/Drug List).
