CASE MANAGEMENT AND PRIOR AUTHORIZATION FOR YOUR ADDED CHOICE PATIENTS

Utilization and case management: These services for members accessing care outside Kaiser Permanente are provided by Kaiser Permanente Resource Stewardship, a division of Kaiser Permanente Northwest. Resource Stewardship will work with the Remote Telephonic Medical Center and others when coordination of care is necessary.

Prior authorization: Prior authorization is required for the services below, which require 48 hours' advance notice. To obtain prior authorization or for questions about medical necessity requirements, please call Kaiser Permanente's Resource Stewardship department. In Portland, call 503-813-1031 (for TTY: 711). From all other areas, call 1-855-281-1840. For a pre-authorization form, please visit providers.kp.org/national and look under the Provider Resources panel on the right.

Kaiser Permanente specialist referral: Outside medical providers can refer to a Kaiser Permanente specialist through the Regional Referral department of Kaiser Permanente. Regional Referral will review the medical case and work with the non-Kaiser Permanente provider so the Kaiser Permanente specialist has what they need to deliver a positive member experience to the patient. The member and provider can call Resource Stewardship for more details about the process. In Portland, call 503-813-1031 (for TTY: 711). From all other areas, call 1-855-281-1840.
