Alan B.: I'm a busy guy, and I'm not always thinking about my health.

But my care team at Kaiser Permanente is on it.

They reach out about things I would never think of.

Before I switched, I had to go to 10 different places for care.

Now I go in, get things done, see friendly faces, and get back to life.

My health matters to Kaiser Permanente. That's why I'll be with Kaiser Permanente for hopefully another six years or more.

Voice-over: For all that is Alan. For all that is you. Kaiser Permanente.
