**Malika G:** I absolutely love and trust my doctor at Kaiser Permanente.

My provider's going to listen and really try to understand how I'm experiencing what I'm going through.

I just fully know that she has my best interest in mind.

And for me the ease of care, the ability to tap a button in the app and do everything right there.

And as a new mom, I appreciate the convenience.

I'm never going anywhere else.

**Voice-over:** For all that is Malika. For all that is you. Kaiser Permanente.
