

Kaiser Permanente Hawaii Member – Micah D. – New Dad

I'm an experienced uncle, but a new dad. I thought I knew everything, but when you have a newborn, you have a lot of questions. The people at Kaiser Permanente make me feel comfortable asking anything. They give me solid answers, and I leave with some confidence. And they make it convenient. Getting an appointment, being able to do it in person or by phone or video – that's the biggest thing. If you have a busy life, a stressful job, I recommend Kaiser Permanente for sure.
