

Kaiser Permanente Hawaii – Physician – The Magic of KP

Alexandra Sueda, MD: I love being part of Kaiser Permanente, where all parts of health care – coverage, doctors, pharmacy – come together and work as one.

Kimble Poon, MD: Almost everything is under one roof or accessible online or by phone.

Kaylin Young-Dorser, OD: I can listen to what's important to you, I have access to your records, and I'm not held up by outside approvals.

Annie Wang, MD: We're designed this way because the simpler your health care is, the easier it is for us to help you stay healthy.

Kimble Poon, MD: That's the magic of Kaiser Permanente.
