

# 2019 California Marketplace Formulary

(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER WHEN YOU PARTICIPATE IN A QUALIFIED HEALTH PLAN OFFERED BY KAISER PERMANENTE, AND INCLUDES THE HEALTH INSURANCE MARKETPLACE (IN CALIFORNIA, MARKETPLACE IS KNOWN AS COVERED CALIFORNIA).**

This formulary was updated on 09/03/2019 and is effective as of September 03, 2019. For more recent information or other questions, please call our Member Service Contact Center 24 hours a day, seven days a week (closed holidays). 1-800-464-4000 English 1-800-788-0616 Spanish 1-800-757-7585 Chinese dialects 711 TTY for the hearing/speech impaired.

## **What is the Kaiser Permanente California Marketplace Formulary?**

The California Marketplace Formulary is a list of covered drugs chosen by a group of Kaiser Permanente physicians and pharmacists known as the Pharmacy and Therapeutics Committee. The Committee meets regularly to evaluate and select drugs that are safe and effective for our members. This Formulary meets the requirements outlined under the Federal regulations for Qualified Health Plans being offered inside a health insurance marketplace (in California, marketplace is known as *Covered California*).

## **What drugs are covered?**

Kaiser Permanente will generally cover brand and generic drugs listed on the California Marketplace Formulary as long as the drug is medically necessary, the prescription is filled at a Kaiser Permanente, or an affiliated pharmacy, and other coverage rules are followed.

If you are prescribed a drug on the California Marketplace Formulary, that drug will be covered under the terms of your drug benefit.

## **Getting an exception to the formulary**

Drugs not listed on the formulary are called non-formulary drugs. When a Kaiser Permanente physician determines that a non-formulary drug is medically appropriate and necessary, that drug will be covered under the terms of your benefits (if you have a prescription drug benefit). If you do not have a prescription drug benefit, you will be charged the full retail price for the drug.

The most effective way to get an exception to the formulary is to send a secure email to your doctor. You and your doctor are best able to determine your medication needs.

You may also contact Member Services by submitting an online form. Or call Member Services, 24 hours a day, 7 days a week.

### **Are there any restrictions on the drugs covered on the Formulary?**

Some covered drugs may have additional requirements or limits on coverage, such as Quantity Limits. For certain drugs, Kaiser Permanente may limit the amount of the drug dispensed to a certain days' supply. Additionally, when there is a national shortage of a drug, we may limit the quantity of the drug dispensed.

### **What is a brand-name drug?**

Brand-name drugs are usually manufactured and sold by the drug company that originally researched and developed the drug. When the patent on a brand-name drug expires, other drug companies may manufacture and sell an FDA-approved generic version of the drug with the same active ingredient(s) at lower prices.

### **What is a generic drug?**

A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

### **What drugs are eligible to be mailed from the mail order pharmacy?**

Most drugs can be mailed from our mail order pharmacy. Some drugs (for example, drugs that are extremely high cost or require special handling) may not be eligible for mailing. Drugs cannot be mailed outside the United States.

You can order refills through our mail-order service online at [kp.org/refill](https://kp.org/refill) or by phone or mobile app. There is no extra charge for mail order. The appropriate cost share (according to your prescription drug benefit) will apply.

Your prescription drug benefit may have a lower cost share if you use the mail order pharmacy.

Please refer to your *Evidence of Coverage* for complete details of your prescription drug benefit.

## **Kaiser Permanente California Marketplace Formulary**

Kaiser Permanente may add or remove drugs from the California Marketplace Formulary during the year. These changes to the Formulary are based on new information or new drugs that become available.

The most current California Marketplace Formulary list begins on page 4; it provides coverage information about some of the drugs covered by Kaiser Permanente. You may also look for the drugs alphabetically by using the index that starts on page 24.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g. ALBENZA) and generic drugs are listed in lower-case italics (e.g. *amoxicillin*).

All dosage **forms** and **strengths** for a particular drug listed **may not be on the Formulary**. Some drugs have multiple dosage forms. In such cases, some dosages may be on the Formulary and others not.

Note: Some of these drugs may be available only in a clinic setting.

The second column, "Drug Tier," will indicate what tier number the drug is in. Drugs on the California Marketplace Formulary are categorized in one of the three tiers.

**Tier 1** – Generic Tier

**Tier 2** – Brand Tier

**Tier 4** – Specialty Tier

Note: The tier in which a generic or brand drug is classified under may change at any time during the year. Additionally, certain brand drugs may be covered at the cost share that applies for Tier 1 and certain generic drugs may be covered at the Tier 2 cost share. Tier 4 is for specialty drugs that are covered at a higher cost share.

The third column of the chart will indicate any requirements or limits for that drug:

**QL** = Quantity Limits -For certain drugs, we may limit the amount of drug that you can receive. Additionally, when there is a national shortage of a drug, we may limit the quantity of the drug dispensed.

**LD** = Limited-distribution drugs can only be obtained at certain specialty pharmacies.

A grievance is any expression of dissatisfaction expressed by you or your authorized representative through the grievance process. For example, if you believe that we have discriminated against you, you can file a grievance. Please refer to your *Evidence of Coverage or Certificate of Insurance* or speak with a Member Services representative for the dispute-resolution options that apply to you. This is especially important if you are a Medicare, Medi-Cal, MRMIP, Medi-Cal Access, FEHBP, or CalPERS member because you have different dispute-resolution options available.

You may submit a grievance in the following ways:

- By completing a Complaint or Benefit Claim/Request form at a Member Services office located at a Plan Facility (please refer to *Your Guidebook* or the facility directory on our website at **kp.org** for addresses)
- By mailing your written grievance to a Member Services office at a Plan Facility (please refer to *Your Guidebook* or the facility directory on our website at **kp.org** for addresses)
- By calling our Member Service Contact Center toll free at **1-800-464-4000** (TTY users call **711**)
- By completing the grievance form on our website at **kp.org**

Please call our Member Service Contact Center if you need help submitting a grievance.
