Full name: _____

Introduction

Thank you for taking time to review and complete your advance directive for health care. At Kaiser Permanente, we believe this is an important first step in your life care planning journey.

Completion of this document can inform your health care team of your values, your choices for health care, and identifies who you wish to speak for you if you are unable.

This advance health care directive will replace any advance health care directive you have completed in the past. In the future, if you want to cancel or change your named health care representative, you must do so in writing and sign that document, or you can inform your health care provider in person.

If you have questions while completing this document, the following assistance is available:

Oregon Advance Directive for Health Care

This Advance Directive form allows you to:

- Share your values, beliefs, goals and wishes for health care if you are not able to express them yourself.
- Name a person to make your health care decisions if you could not make them for yourself. This person is called your health care representative and they must agree to act in this role.

Be sure to discuss your Advance Directive and your wishes with your health care representative.

This will allow them to make decisions that reflect your wishes. It is recommended that you complete this entire form.

The Oregon Advance Directive for Health Care form and Your Guide to the Oregon Advance Directive are available on the Oregon Health Authority's website.

- In sections 1, 2, 5, 6 and 7 you appoint a health care representative.
- In sections 3 and 4 you provide instructions about your care.

The Advance Directive form allows you to express your preferences for health care. It is not the same as Portable Orders for Life Sustaining Treatment (POLST) as defined in ORS 127.663. You can find more information about the POLST in Your Guide to the Oregon Advance Directive.

This form may be used in Oregon to choose a person to make health care decisions for you if you become too sick to speak for yourself or are unable to make your own medical decisions.

The person is called a health care representative. If you do not have an effective health care representative appointment and you become too sick to speak for yourself, a health care representative will be appointed for you in the order of priority set forth in ORS 127.635 (2) and this person can only decide to withhold or withdraw life sustaining treatments if you meet one of the conditions set forth in ORS 127.635 (1).

This form also allows you to express your values and beliefs with respect to health care decisions and your preferences for health care.

If you have completed an advance directive in the past, this new advance directive will replace any older directive.

You must sign this form for it to be effective. You must also have it witnessed by two witnesses or a notary. Your appointment of a health care representative is not effective until the health care representative accepts the appointment.

If your advance directive includes directions regarding the withdrawal of life support or tube feeding, you may revoke your advance directive at any time and in any manner that expresses your desire to revoke it.

In all other cases, you may revoke your advance directive at any time and in any manner as long as you are capable of making medical decisions.
