Provider Directory

This directory provides a list of Kaiser Permanente Senior Advantage (HMO)'s network providers.

This directory is for our Northern Colorado service area, which includes the following counties: Larimer and Weld.

This directory is current as of October 2014. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about Kaiser Permanente Senior Advantage (HMO)'s network providers in your area, you can visit kp.org/medicalstaff or call our Member Services Department at 1-800-476-2167, seven days a week, 8 a.m. to 8 p.m. TTY users should call 711.

Kaiser Permanente is an HMO plan with a Medicare contract. Enrollment in Kaiser Permanente depends on contract renewal.

For Federal employees/annuitants: It is important to know when you enroll in this Plan, services are provided through the Plan’s delivery system, as described in the Plan’s Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.

This information is available for free in other languages. Please call our Member Services at 1-800-476-2167 seven days a week, 8 a.m. to 8 p.m. TTY users should call 711.

This information is available in a different format for the visually impaired by calling Member Services at the phone number listed above.
SECTION 1 – INTRODUCTION

This directory provides a list of Kaiser Permanente Senior Advantage (HMO)’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

Your Primary Care Provider

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

Your PCP is a provider who meets state requirements and is trained to give you primary medical care. Your PCP is a generalist in internal medicine and family practice, and pediatrics whom the Medical Group designates as Primary Care Providers. Please note: Female members may elect to see an Ob/Gyn for their routine health maintenance exams, while seeing their designated PCP if non-female specific problems arise.

Your PCP will provide most of your care and will arrange and coordinate most of the covered services you get as a member of our Plan, including specialty care.

You may select a PCP from any of our available primary care network providers. You can change your PCP for any reason. When you make a selection, it is effective immediately. To learn how to select or change a PCP, please call Member Services at 1-800-476-2167 (TTY 711), seven days a week, 8 a.m. to 8 p.m.

Getting Covered Care

As a Senior Advantage member, you must use network providers except in emergency or urgent care situations. The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

To see a specialist, it is recommended that you talk to your PCP first. You do not need a referral to receive specialty care from most network providers. You may self refer (schedule an appointment without a physician referral) for consultation or routine visits to most network and Kaiser Permanente specialists. A self-referral covers routine office visits and office-based services. You will still need a physician’s referral and written authorization from Kaiser Permanente if you need additional services not provided in the doctor’s office, such as surgery, MRI, CAT scan, colonoscopy, or hospital admissions. Consult this Directory for department listings and telephone numbers at the various medical offices or to get the most-up-to-date information, call Member Services at 1-800-476-2167 (TTY 711), seven days a week, 8 a.m. to 8 p.m.

The acupuncture, chiropractic, and hearing aid providers listed in Section 2 are covered by the Advantage Plus optional supplemental benefits packages. You must see an Advantage Plus provider for these optional benefits. The listing information is subject to change.
Bills from out-of-network providers

If you receive care from an out-of-network provider and they ask you to pay for services at the time of service, it’s best to ask an out-of-network provider to bill us first. If you receive a bill from an out-of-network provider, you should not pay the bill. Send it to our Claims Department and they will let you know how much you have to pay.

Emergency and urgent care

If you have an emergency medical condition, call 911 or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world.

For ease and continuity of care, we encourage you to go to a Plan hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you care will decide when your condition is stable and the medical emergency is over. After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and circumstances allow. It is very important that your provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability. You must use network providers except for emergency or urgent care, authorized referrals, and out-of-area dialysis care. If you obtain routine care from out-of-network providers neither Medicare nor Kaiser Permanente will be responsible for the costs.
